## U.N. Council to Take Up Charges Monday; New Russian Propaganda Move Is Seen

### Dewey Will Give Peace With Honor Program in Talk

Governor Will Hinge Plan on Bi-Partisan Policy; Gets Word From John Dulles

On tour with Dewey to Salt Lake City, Sept. 30 (AP)—A bi-partisan foreign policy anchored in "peace with honor" is expected to be Gov. Thomas E. Dewey's answer to the critical world situation.

Traveling toward Salt Lake City and his first major foreign policy statement of the campaign tonight, the Republican presidential nominee had up-to-date information on the Berlin blockade crisis.

On his way to Salt Lake City, Dewey is expected to be in Helena, Mont., last night. Dewey's Salt Lake City speech, to be broadcast (NBC) from 9:30 to 10 p. m., eastern standard time, was not yet complete. But the New York governor gave some advance indication of his ideas in talks in Montana yesterday.

Speaking before a Hillside Park crowd in Helena, he called for a "peace with honor," so well grounded in facts and so deeply understanding of the world's problems that other nations will respect American views.

He said he thinks he speaks for Democrats and Independents, as well as Republicans, in saying that "this country stands firmly as a back the peace, but a peace with honor."

In Great Falls, Dewey told a crowd of 3,000 persons who overflowed the civic center that "dark clouds of international misunderstanding hang over the Paris meeting of the United Nations."

Referring to the American people, he said that "totalitarian states must not misunderstand what is happening" in this country's presidential campaign.

In an indirect reference to President Truman, Dewey said: "They must not assume that because of a person in a position of high importance in the nation is going around preaching disunity, that we are in fact divided."

He added: "Let me send this message from Great Falls to Paris and beyond through the Iron Curtain. The Republican party is engaged in this campaign for the express purpose of bringing our people closer together so that they can realize their great future and find peace with honor in the world."

### Shipping Industry Asks Special Session of Congress

Claim Is That Coastal Walkout Is Political and Lacking Trade Union Issue; Barges Will Carry Supplies

San Francisco, Sept. 30 (AP)—Shipping industry leaders today supported a proposal for an extra session of Congress to deal with the West Coast maritime strike.

They offered "to prove to any congressional committee" that the strike is political and "without a strike issue on trade union grounds."

This offer was made in a telegram to Rep. Fred A. Hartley (R-N.J.) from Frank P. Koelsch and J. B. Bryan, presidents respectively, of the Coast Waterfront Employers' Association and Pacific American Shipowners' Association.

Rep. Hartley recently proposed an extra session of Congress to deal with the strike, which began September 2 and has tied up 148 American ships.

Since negotiations over wages and the hiring hall broke down on the eve of the strike, the employers have refused to talk further with unions whose leaders have not signed affidavits disavowing Communism.

C.I.O. longshoremen seek a wage hike of 15 cents to \$1.82 an hour. On strike with the longshoremen are three allied C.I.O. Seafarers Unions and the Independent Marine Firemen's Union. Officers of the firemen have signed non-Communist affidavits.

Albert W. Gatov, president of the Pacific American Steamship Association, said that as a result of the strike smelling refineries, paint manufacturers, cordage plants and pulp and paper mills already have curtailed operations or would be forced to do it.

The Interior Department has ordered the Alaska railroad to begin operations of three government barges to carry essential food supplies and construction materials to Alaska.

Josephine Carney, Saugerties, charged with abandonment of children, was appeared in court today on motion of her attorney, Joseph M. Campbell, the charge was dismissed. The complainant filed a request that the case be dropped since Mrs. Carney is now taking care of the children. Fred Carney, father, failed to appear in court and the indictment against him is continued.

Alfred Daniel Scott, Poughkeepsie, charged a former innocent plea to a charge of grand larceny, second degree, for the taking of a car to one of guilty to petit larceny. The plea was accepted since restitution has been made. Scott, who is now on probation in Dutchess county, drew a suspension of any sentence during good behavior and bail was exonerated.

Durvel D. Thomas, who was apprehended in Philadelphia by Sheriff Smith and County Investigator Clayton Vredenburg, was arraigned on a charge of grand larceny, first degree, alleged to have been committed on December 13, 1946, and involving the sale of a mortgaged car. Thomas entered a plea of innocent and he was remanded to jail.

Sadness to Get Hearing  
Ronald J. Sadness, 36, of New York, who was sentenced in 1940 to a term of from 10 to 20 years as a second offender, for grand larceny, first degree, arising out of the purchase of a car for which he gave a bad check, appeared in court on a writ by which he seeks to have the sentence vacated on the grounds his constitutional rights were violated in that he Continued on Page Fourteen

### British Approve Marshal

London, Sept. 30 (AP)—The British cabinet today approved the selection of Field Marshal Viscount Montgomery as head of a joint armed force of the five-power Brussels Alliance.

A government source said the selection of Montgomery, chief of the British imperial general staff, will be announced soon in Paris by the five powers—Britain, France, the Netherlands, Luxembourg and Belgium. The informant said the choice was made by the defense ministers of the five countries at Paris early this week.

Montgomery presumably will resign as commander of Britain's army.

The British Press Association said there was some speculation in informed circles that Montgomery would be succeeded in the British command by Lt. Gen. G. W. R. Templer, 50, deputy chief of staff and Britain's first military governor in Germany.

London newspapers earlier had predicted Montgomery would resign to take over the western military command.

They said also that Gen. Alphonse Juin, French commander-in-chief in North Africa, will hold the five-power land command; British Fleet Adm. Lord Cunningham would lead the joint naval units and Royal Air Force Marshal Lord Tedder would be chief of the air force.

Defense ministers of the five nations decided at a meeting in Paris this week to establish the permanent International command to prepare for defense.

In what might have been his last public appearance in his present role, Montgomery appeared at a news conference with War Minister Emanuel Shinwell to outline plans for building up a territorial (national guard) army of 150,000.

Shinwell appealed to the priority of 100,000 men and women to join up and give the drive "a good start."

Montgomery said the territorial would form the base around which "we could wrap the fighting manpower of the nation should there be a sudden emergency."

This fighter manpower, he said, consisted primarily of 4,000,000 "Class Z" reservists—men only recently discharged from the armed forces—a proportion of whom could be "called out tomorrow straight into the territorial army."

Mayor Oscar V. Newkirk today announced the re-appointment of Stanley A. Dempsey, 147 Albany avenue, to the Zoning Board and of Fire Chief Joseph L. Murphy to the Board of Electrical Examiners. The term of office on both boards is three years.

Dempsey's term expired on August 21 and Chief Murphy's term on June 7. Chief Murphy also serves as secretary of the Board of Electrical Examiners.

### Russians' Radio Slaps Increasing

Nation Is Considered Soft Spot; Iran Is Charged With Failure of Amnesty

Shah Is Attacked Ruler Called Traitor Because He Talked With British

Washington, Sept. 30 (AP)—Moscow's propaganda guns are hammering so hard at Iran that American diplomatic authorities are wondering whether Russia is considering a new move in that part of the world.

Four Moscow radio broadcasts assailing the Iranian government and criticizing conditions in the oil-rich Middle Eastern land were recorded in a single day this week by U. S. government monitors. A secret "Azerbaijani democratic station" joined in with two additional verbal attacks.

The campaign has been going on for months, but it appears now to be increasing in intensity. In Iran itself there have been other signs of livelier Soviet interest. Hence the official speculation that Russia may try pressure in that area to divert attention from the Berlin crisis.

Iran is a recognized strategic soft spot. It was the scene of a Continued on Page Twelve

### City Registration For Voting Begins Friday in Wards

New Registrants Must Have Literacy Certificates or Grammar School Diploma

Tomorrow is the first of four scheduled days of registration in this city for persons intending to vote in the general election on November 2.

Registration will take place at the regular polling places in the city between the hours of 10 a. m. and 10 p. m. on Friday and Saturday, October 1 and 2, and on Friday, October 8. On Saturday, October 9, the hours will be from 7 a. m. until 10 p. m.

In the county districts there are two days of registration, Saturday, October 2, and Saturday, October 9. Hours will be from 7 a. m. until 10 p. m. on the first of these days and from 1 p. m. until 10 p. m. on the last day.

Voters who will be absent from the county on Election Day and who desire absentee ballots may make application for them at the time of registration to the election officers at the voter's polling place at the time of registration.

All new voters must present evidence of literacy to the election inspectors in order to register as a legal voter. A new voter is a person who has become entitled to vote in New York state on or after January 1, 1922, and who has not already voted at a general election in the state after making proof of ability to read and write English. According to law, all such persons must supply evidence of literacy, even though they may have voted previously in one or more other states.

The evidence of literacy which all new voters must present to Continued on Page Fourteen

### Acheson: Tide Is Going Out on Red Drive for Power

Says We Are Not Doing Badly in Peace Moves Abroad

Lansing, Mich., Sept. 30 (AP)—Dean Acheson said today "the tide has turned" against Russia's drive for greater world power.

Although he did not minimize the "danger and great difficulty" surrounding the present east-west crisis over Berlin, the former undersecretary of state said "we are not doing badly" in efforts to build peace through world economic recovery.

"We live in dangerous times because of the decisions of another power which are beyond the control of any or all of us," Acheson said in a speech prepared for the Michigan state bar meeting.

Those decisions, he added, were revealed by Premier Stalin in a February, 1946, speech in which Stalin rejected the democracies' offers for continued cooperation. (In that speech Stalin outlined a gigantic industrial production plan aimed at insuring that the Russian "homeland will be guaranteed against all possible accidents.")

(Stalin added: "Perhaps military catastrophes might be avoided if it were possible for raw materials and markets to be periodically redistributed among the various countries in accordance with their economic importance, by agreement and peaceable settlement. But that is impossible to do under present capitalist conditions of the development of world economy.")

Acheson said Stalin "made it clear that the Soviet Union chose to stand upon its earlier doctrine of the incompatibility of a Communist regime with any other and to seek security through the extension of Soviet power and domination."

In the "difficult and strenuous years" that followed, Acheson noted, Russia tried hard to gain control of the strategic areas of Iran, Greece, Turkey, Trieste, Italy, and France. But, he added:

"In spite of three years of the most intense Soviet effort to expand their power, they have failed."

### Austin Has His Moves All Ready

U.S., He Says, Is Willing to Put Atom Under World Control Since Peace Desired

Canadian Speaks

McNaughton Endeavors to Learn Why Move Delayed

Paris, Sept. 30 (AP)—The United Nations Security Council on Monday takes up the most explosive issue of its three-year history—the western charge that Russia threatens the peace of the world by her blockade of Berlin.

The Council announced today that Chief U.S. Delegate Warren R. Austin will be in the chair as the October president when the session opens at 3 p. m. (9 a. m., E.S.T.). However, the U.S. delegation said it expects Austin will step down when the case comes up and surrender the chairmanship to Argentina, next in line for it.

If the Russians try to bar the U.S. from the chairmanship, Austin is reported planning to remain as chairman until the procedural battle is over. Seven votes are required to approve admission of an item, and the big-power veto does not apply.

The council's announcement came shortly after the East-West dispute on atomic controls went before the 58-nation political committee of the Assembly. Austin, in a speech to the committee, reaffirmed United States' readiness to submit its atomic energy production to international control.

Blames Russia  
Austin said it was Russia's fault that international control of atomic weapons never came into being. He urged big-power cooperation on the atom and reasserted American support of the much debated Baruch plan for controls.

Britain, France and the United States filed their charges against Russia yesterday. In identical notes to Secretary-General Trygve Lie, these charges that Russia was reducing Berlin to economic chaos in an effort to gain sole domination of the city.

Austin himself issued the call for the Monday meeting of the Security Council in his capacity as its chief for October. The chairmanship of the Council changes in alphabetical order from month to month.

The American people, Austin declared, are willing to subordinate their plans and the future possibilities of atomic energy to international control because "they want peace."

"But, he went on: 'Fear has supplanted hope because the Soviet Union has insisted on placing its sovereignty at the expense of all.'"

The American people, Austin said, do not want a monopoly on atomic force. U.N. delegates, he continued, should focus the attention of the world on the need for a new spirit of cooperation. He concluded his statement with a declaration: "Our offer still stands."

The atomic issue came up for debate on a Canadian demand that a workable control system be set up.

As the important political committee grappled with the atom as the Security Council prepared to face its greatest test—the western charge that Soviet Russia is menacing world peace with her Berlin blockade.

Leads Western Fight  
Gen. A. G. L. McNaughton of Canada led off the western battle in the political committee to find out who is to blame for the Atomic Energy Commission's failure to wipe out the atomic bomb after nearly three years of wrangling.

The committee had before it three reports from the Atomic Commission recording their failure to agree. McNaughton presented a resolution calling upon "all nations to fulfill their responsibilities to the world community by accepting" effective control of atomic energy.

McNaughton and Austin were the only speakers on today's agenda. When they had finished, Argentina's Dr. Jose Arce demanded a vote on the Canadian proposal.

Russia's Andrei Y. Vishinsky, however, objected that the proposal had only just been submitted. Continued on Page Twelve

Mrs. Sonja Loew holds stockings with which she said she was bound and gagged by three towel-masked bandits who invaded her New York hotel room and took jewelry valued at between \$40,000 and \$50,000. She said she was divorced last January from Elias M. Loew of the Loew's theatre family.

### Police Grab Three Suspects in Jewel Thefts in New York

Trailing of Safe Cracker Leads to Two in One Apartment; Items Found

New York, Sept. 30 (AP)—Vigilant police trailing of a suspected safe cracker led today to the recovery of \$50,000 in jewels stolen from a wealthy Czech beauty.

Three men were arrested and grilled in the theft of the jewelry from Mrs. Sonja Loew, 31, of Milton, Mass. She was bound and gagged with her own stockings in the Hotel Madison early yesterday.

The trio, in whose possession police said they found the jewels, stated they received the gems from a fourth man who asked them to sell the jewelry for him.

No charges were placed against them immediately.

Police burst in on two of the men in a sumptuously furnished Manhattan apartment. The third man was seized as he entered his apartment several blocks away. Seven other men were picked up and questioned.

The quick break in the case came as a result of the diligent police work of Lt. Francis X. Cassidy. For several weeks he has been trailing a notorious safecracker with underworld contacts.

Cassidy learned a safe job was to be pulled Tuesday night. Other police immediately covered all suspects. Suddenly plans were switched and the safecracker skipped from New York by plane for California.

Believing some of the gang engineered the Loew robbery, police picked up all suspects—the 10 questioned today.

In the sumptuous apartment where two were picked up police said they found a diamond and gold wrist watch bearing Mrs. Loew's name. Rings with diamonds removed also were found besides loaded pistols and burglary tools.

In the third suspect's apartment a 68 carat diamond pendant was found in a clothes hamper.

Mrs. Loew is recently divorced wife of Elias M. Loew, New England and Florida theatre magnate.

### Register Early

Friday and Saturday of this week are the first two days of registration for the general election to be held in November. The polls open at 10 a. m. and remain open until 10 o'clock in the evening. Each voter should see that he or she is registered as early as possible.

It seems hardly necessary to remind citizens that unless they are registered, they cannot vote.

This a presidential election which concerns every citizen. Every qualified voter should make it his personal business to take an important part in this election by registering and then voting.

If you are not registered, you cannot vote and early registration is preferable because something later may prevent you from performing this duty and privilege.

**Farmers' 'Real Income' Drops, Survey Reveals**

Washington, Sept. 7.—The drop in farmers' real income since 1947 for the first time since before World War II, an Agricultural Department specialist says.

The drop occurred despite record farm earnings last year. The report is made by Norman J. Wall of the department's Bureau of Agricultural Economics. In an article on farmers' finances, he says:

"The year 1947 may mark an important turning point in the farmers' financial well-being. For the first time since before the war, farmers' real income decreased. "After payment of federal income taxes, the net income of

farm operators in 1947 would be six per cent less 'family maintenance' than would the smaller returns of 1946. "Since the beginning of 1948, prices paid by farmers have continued to increase more rapidly

than prices received." Noting that many farmers carry a "heavy burden of debt as result of purchasing farms at sharply increased prices," Wall adds: "For these, a decline in farm income could easily lead to financial difficulties."

**Calls It 'Slender'**

Niagara Falls, N. Y., Sept. 30.—Senator Alben W. Barkley says the House Un-American Activities Committee's recent report on spies in the government is a "slender" on President Truman.

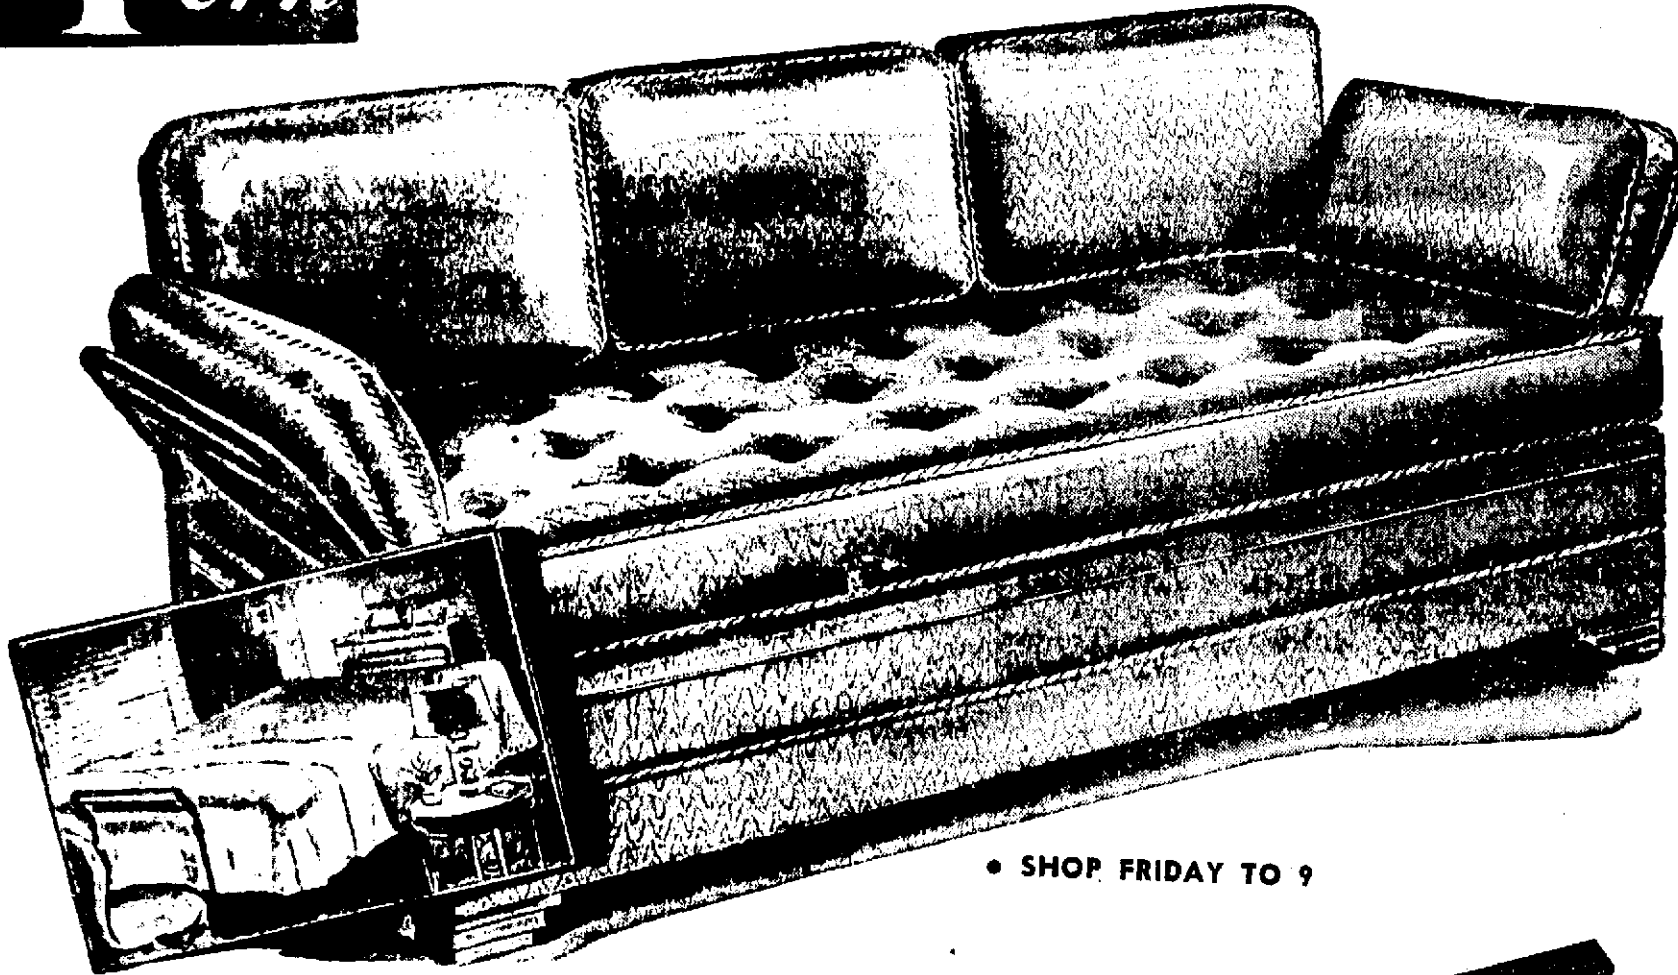

"brought forward for political purposes." The Democratic vice presidential nominee said last night the committee in its report was "undertaking to show that President Roosevelt and President Truman connived at the infiltration of government by Communists."

Barkley spoke to about 300 at the high school auditorium in the last address of his Upstate New York campaign. He spoke earlier at Buffalo and North Tonawanda.

## Red Army Plans Fall Maneuvers; Planes Have Part

Berlin, Sept. 30 (AP)—The German press said today the Soviet occupation army is preparing for big autumn maneuvers starting in early October. Large air fleets will take part, dispatches said.

United States Air Force officers said they had received no notice from the Russians about the reported air drills. They added they did not know whether they would be staged in the three corridors east of the western allies to supply blockaded Berlin by air.

American officials are awaiting a reply from the Soviets on a

strong protest delivered yesterday over the buzzing of two U. S. aircraft planes by nine Russian yak fighters.

The yaks flew within 100 feet of the heavily laden American Skymasters.

American air officers said they did not expect a satisfactory reply to the protest. Soviet censorship kept reports of the buzzing incident out of Russian-controlled Berlin newspapers.

**Registration**

Friday and Saturday are the first two days of registration for the presidential election on November 2. The polls will be open from 10 a. m. to 10 p. m. If you are not registered, you cannot vote. Do it tomorrow and be assured of your vote in this important general election.

## Vishinsky Agitation Not Well Grounded

New York, Sept. 30 (AP)—That "map of the third World War" over which Soviet delegate Andrei Y. Vishinsky showed some agitation in his United Nations Assembly speech in Paris Saturday was a third war map—of World War 2.

This was disclosed today by a spokesman for Esso Marketers, an oil company which printed the map. Vishinsky, referring to the Esso map, said it was a "map of the third World War, Pacific theatre of military operations." Esso said the map was the third in a series of World War 2 maps, and was entitled simply: "A Third War Map."

dortaken. Blue House, across the street just up Pennsylvania avenue, is regarded as a logical temporary White House. It is used by the State Department now as a guest house for foreign dignitaries. President Truman and his family lived there briefly before he moved into the Executive Mansion.

Winslow said the second floor of the White House creaks and sags and makes the whole building a firetrap. He wants to redo it entirely, putting in a concrete-steel floor and fireproof partitions. He estimated the cost at \$750,000 to \$1,250,000.

The last extensive remodeling on the White House interior was in 1936 and 1937 when all-metal kitchens were installed.

President Truman recently added a balcony to the second floor of the south portion.

## PORT EWEN

Port Ewen, Sept. 30 — The Ladies' Candlepin Bowling League will bowl tonight at 7 o'clock. Team 1 will meet Team 2 at the first shift and Team 3 and Team 4 will bowl at 8:30 p. m.

The Port Ewen School Association met Wednesday night at School 13. Mrs. Lawrence Lyons, president, presided. The election of officers was postponed until the October meeting. The annual membership drive will begin shortly. A letter of thanks was read by Mrs. Elling Ellsworth, secretary, from the teachers and school children in appreciation of the picnic held at Forsyth Park during the summer. The book award went to Room 2. Mrs. David Cunningham, teacher. A movie on training and work of firemen was shown by Principal Carlton Taylor. Refreshments were served.

Girl Scouts, Troop 19, under the leadership of Mrs. Ronald Latz, will hold its first fall meeting Tuesday, October 5, at 7 p. m., at the Girl Scout room.

The September meeting of the Ulster Park-Port Ewen Women's Christian Temperance Union was held at the home of Miss Anna Terpening in Ulster Park. Mrs. Leslie Herring, president, presided. After the devotionals, leaflets entitled "Happy Little Do's" and "Healthy Little don'ts" were read by Mrs. H. Osborne and Mrs. C. Wells. The following officers were elected for the ensuing year: Mrs. L. Herring, president; Mrs. H. Osborne, vice president; Mrs. E. Wheeler, secretary; Mrs. S. T. Van Aken, treasurer. The department are as follows: Sunday school, Ulster Park, Mrs. A. Cole; Port Ewen, Mrs. H. E. Christiana; Temperance missions and press, Mrs. W. K. Cole and Mrs. E. Wheeler; Flower Mission, Mrs. M. Stratten and Mrs. C. Wells; Temperance publication, Mrs. S. T. Van Aken; Child welfare, Mrs. H. Osborne; Citizenship, Mrs. L. Herring.

All articles for the Priscilla Society rummage sale which will be held at 535 Broadway in Kingston on October 4, 5 and 6 are to be left at the Methodist Church house.

The consistory of the Reformed Church will meet at the church hall, Friday at 8 p. m.

## White House Renovation Planned by Architect

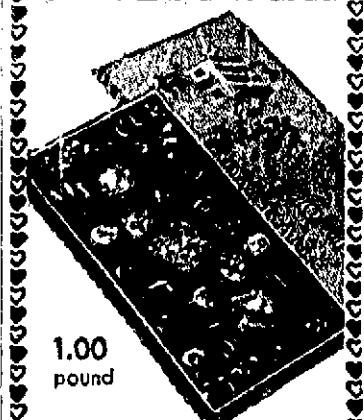

Washington, Sept. 30 (AP)—The next President may have to move out of the White House for about a year.

White House Architect Lorenzo Winslow has plans to renovate the entire second floor of the 132-year-old residence — the President's family quarters.

Winslow said he expects to ask Congress next January for an appropriation to do the job. If the money is granted, the President will have to live elsewhere while construction is under way.

The President probably will decide where he and his family would live in event the work is undertaken.

## Police Give Check to Boys' Club

Kenneth Hyatt, president of the Kingston Patrolmen's Association, presents a check for \$320 to Alexander S. Fuhrman, Boys' Club director while members of the police force, Mayor Oscar V. Newkirk and members of the Boys' Club look on approvingly. The money was derived from the Kingston Colonial baseball game which the patrolmen's group sponsored August 18. Director Fuhrman also received \$500 for personal expenses and salary. Mayor Newkirk received \$500 to start this year's Christmas Cheer fund.

## Patrolmen of City Donate to Youth And Yule Funds

The Kingston Patrolmen's Association Tuesday night distributed \$1,320 to be used to further Boys Club and Christmas Cheer activity in this city. The money represents the largest portion of the proceeds of the Kingston Colonial baseball game which the patrolmen's group sponsored on August 18.

Of the total, \$200 was given to the Boys Club for repairs to their club rooms at 21 Clinton avenue and for the purchase of necessary equipment such as sports and art and crafts supplies. An additional

sum of \$120 was presented to the Boys Club to pay one year's rent on the club rooms.

The association also presented Alexander S. Fuhrman, Boys Club director, with \$500 for personal expenses and salary.

Mayor Oscar V. Newkirk was presented with a check for \$500 to start this year's Christmas Cheer fund. The mayor, in accepting the check, announced his intention of appointing the committee in the near future to begin work on this annual drive.

All the presentations were made on behalf of the Kingston Patrolmen's Association by its president, Kenneth Hyatt.

The remainder of the proceeds of the ball game will be reserved to be used by the club for the various annual drives conducted by such organizations as the Ulster County Tuberculosis and Health Association, the Boy and

Girl Scouts, and other service organizations.

## New England Forests Are Reported Bone Dry

Boston, Sept. 30 (AP)—Bone dry New England forests—baked by a two-month drought—presented a five hazard today as serious as that prevailing just before the \$15,000,000 Maine fires a year ago.

Massachusetts State Fire Warden Joseph L. Penbody, after a survey of the six states, said the only reason there hasn't been similar fires "is that we simply have been lucky."

The practically rainless eight weeks also was reported to have caused millions of dollars in crop losses, depleted water supplies and affected milk production.

The Weather Bureau held out

no hope for relief until tomorrow—and then it will be only in the form of local showers.

Except in a few areas where there has been light rainfall, the forecaster said, "everything is bone dry in New England."

Still a Mystery  
Scientists have not been able to solve the mystery of why tree trunks at timberline frequently twist into spirals.

Before the war, about 30 pounds of walnuts were shipped annually from North China.

Registration  
Friday and Saturday are the first two days of registration for the presidential election on November 2. The polls will be open from 10 a. m. to 10 p. m. If you are not registered, you cannot vote. Do it tomorrow and be a part of the general election.

## X-ray Committees Named in 2 Wards

Committees have been set up recently for two wards in the city for the purpose of carrying on activities in connection with the city-wide free chest X-ray survey. On Monday evening at 7 o'clock, representatives from the 11th Ward assembled at the Methodist Church on Clinton avenue. Appointments for chairmen of the committees were: Location Committee—H. Van Wyck Darrow; Transportation—James Locke; Publicity—Fred Hoffman, and Canvassing—Mrs. Clarence Kaiser. Through the cooperation of the Home for the Aged arrangements have been made for locating the mobile X-ray unit on this site on November 9, 10 and 12, with registration in the lobby of the main building.

At 8 o'clock the same evening, a meeting was held in the Fourth Ward at the White Eagle Hall, presided over by Charles Smith and John Buboltz. Henry Eighmey was placed in charge of ward publicity and John Buboltz chairman of the committee on location. Canvassing will be directed by Leo Vertetis and Edwin Baker. Transportation for persons who otherwise would not be able to take advantage of this health service will be arranged by Joseph Buboltz. The Fourth Ward representatives have obtained permission to use the grounds of the White Eagle Hall for the X-ray location on November 13, 16 and 17 with registration facilities set up in the hall meeting room.

**Condition of Two**  
The condition of Andrew Balash of 478 Hasbrouck avenue, who was injured Monday afternoon when the motorcycle on which he was riding collided with an automobile at Hasbrouck avenue and Livingston street, is "apparently good." Kingston Hospital authorities reported today. Martin Glass of 80 Lucas avenue, also injured in the same accident, is in "good" condition, the report stated.

Wyoming's moose population is estimated to be less than 3500.

### Merchants Battle To Repeal Restrictions

SARASOTA, Fla., Sept. 30 (AP)—The New York State Food Merchants Association is resuming its battle for repeal of state and federal restrictions on the sale of yellow margarine.

A resolution adopted yesterday at the organization's 47th annual convention also authorized its officers to press for removal of taxes now imposed on merchants who sell the butter substitute. The four-day convention ends today.

The grocery content that lifting of restrictions would make margarine more generally available to consumers at lower prices. Thomas V. Guerdat of Buffalo

was reelected president. Other officers elected: Vice Presidents John Troeg and Dominic Simon, both of New York city, and Warren Williams of Binghamton, and treasurer, Raymond J. Tierney of Rochester.

A. F. Glickenberg of New York city was reappointed executive secretary.

John Cerlox of Syracuse, E. W. Rothenberg of New York and Morris Shurstein of Yonkers were named directors.

The association also adopted a resolution endorsing continued effort for the amendment of state alcoholic beverage controls to permit the sale of wine in grocery stores. The grocery sale wine usually is consumed at dinner tables and should be available at food stores.

### As Pegler Sees It

Continued from Page Four

about the union boss' candidates. He gets the idea that his union boss wants him to vote for So-and-so.

But the monopoly powers and the police powers that enforce it are more practical and outrageous. This and a few other unions operating in apparel, including furs, have the right to reach across state lines and shut off the delivery of "work" to shops which do not recognize and pay tribute to them. They have powers of taxation over employers and use them regularly to collect money for the purposes of the union rulers. In Dubinsky's case, these purposes include the operation of a system, or, as the Communists would call it, an "apparatus" of spies in foreign countries, accountable only to Dubinsky and a few members of his union cabinet. The expenses of the system are arbitrarily taken from the wages of the workers and the capital of the employers, a tax on American labor and commerce.

Dubinsky happens not to be a Communist, but a Communist would have the same right to do as he does.

These union politicians, having segregated their "minorities" into typical continental nuisance parties, fought among themselves and divided their American Labor Party into two factions. The dissidents called the American Labor Party Communist front, and formed a nucleus of their own called the Liberal Party.

That is why it is that when a few of Dubinsky's pickets are popped, the mayor, the commissioner and the district attorney go crazy. The mayor is a politician. One day he will be wanting Dubinsky to give the nod which might nullify the votes of perhaps 300,000 native Americans naively voting the two old American party tickets. The police commissioner works for the mayor. And the district attorney, Mr. Hogan, being also in politics, cannot let it be said that he was indifferent to awful brutality practiced on Dubinsky's pickets. Pickets may beat up a thousand citizen rebels against union monopoly of jobs and commerce. That would be routine activity in New York, the greatest European political center in the world. # Most Important Motor Oil Development in 9 years!

**Unique "X" Safety Factor, for first time  
Attacks Major Cause of  
Engine Wear!**

**Acid Action from "On and Off" Driving  
Now Counteracted—Engine Life Prolonged**

**It's not friction, as generally assumed, that causes the most engine wear!**

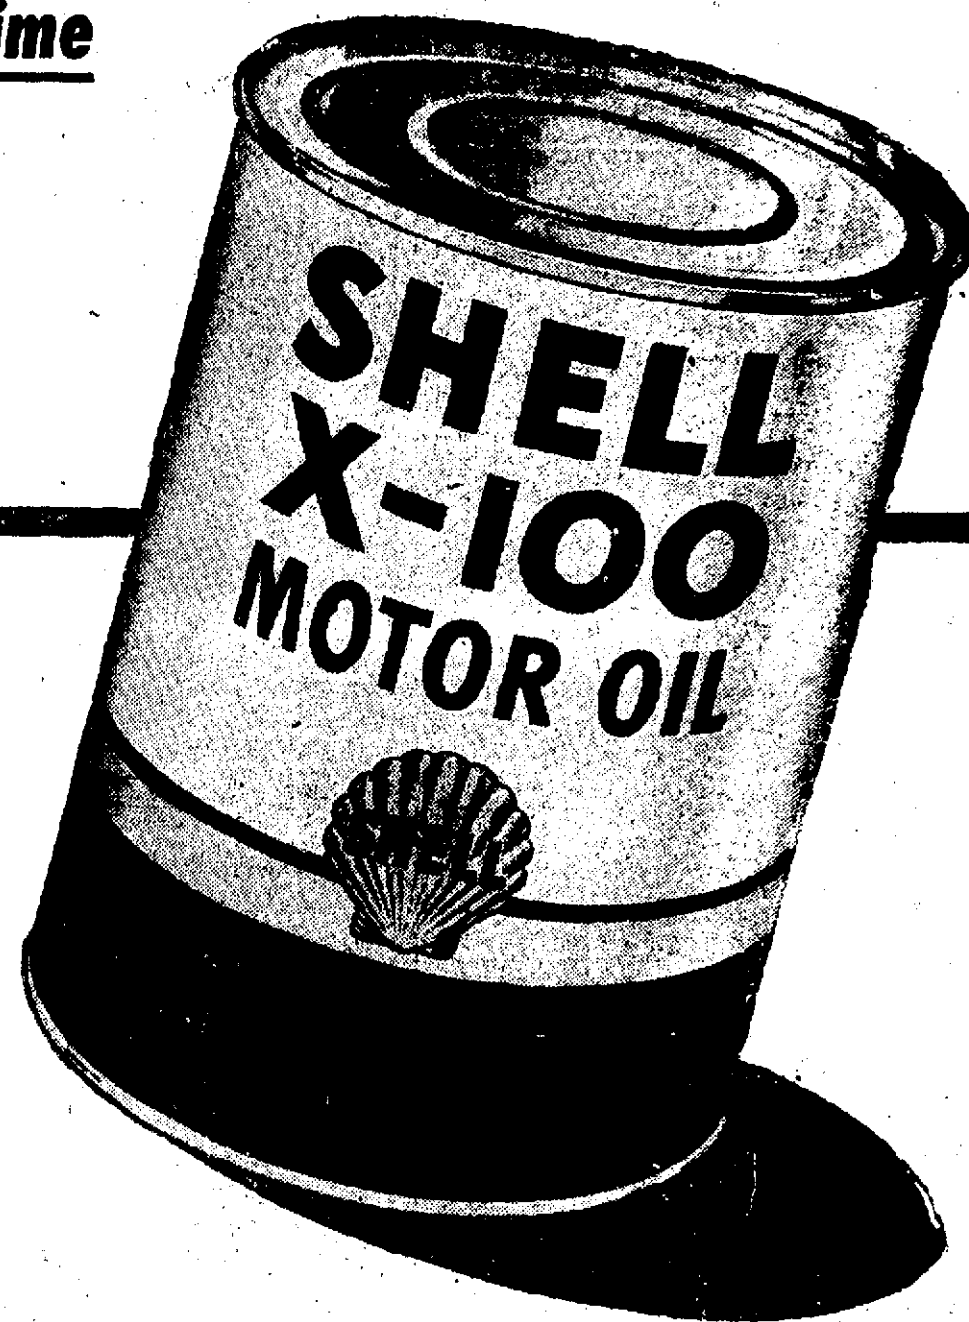

**It's Acid Action—chemical etching of engine parts that takes place in the low operating temperatures of today's "On and Off" driving!**

In your short trips about town, to school, to the office, the bank—your engine is intermittently "On and Off" . . . runs for brief periods of time only. Hence it seldom warms-up to efficient operating temperatures. It runs "cold." In these short "On" periods, combustion may be incomplete, and partially burned fuel gases and moisture attack the smoothly polished metal surfaces chemically. It's this biting Acid Action that accounts for up to 90% of your engine's wear!

Shell Research worked "all out" on this problem...developed a unique "X" safety factor to combat Acid Action. Now, 2½ million miles of road testing have proved conclusively that with this "X" safety factor Acid Action is effectively counteracted—engine life is prolonged.

This triumph of Shell Research—another Shell "first"—comes to you only in Shell X-100 Motor Oil. This oil, long famous for its ability to protect your engine under the stresses of sustained high speeds and extreme driving conditions, now has this added protection for every mile you drive. It is unequalled by any other motor oil, no matter its price.

Let your Shell Dealer drain, flush and refill your crankcase with Shell X-100 Motor Oil today.

**It's Incomparable!**

See I don't have to bother about holding my figure. See, my girl friend takes care of that.

Man: Where can I get a license? Lou: A license for trapping? Man: No, the hunting is over. I want a license to marry the girl I trapped.

Opportunity knocks, but once. That other knocking you hear is done by people who didn't open the door.

Man: Think of a number and I will tell you whether it is odd or even.

Man: "All right, I just called my girl on the phone, which number was it?"

Man: "Did you get her?" Lou: "Yes."

Man: "What time was it?" Lou: "Eight."

Man: "That's odd."

Man: "May I ask you for this dance?" Lou: "Please do. I've been dying to dance with you all evening."

Man: The sale value of your home may rise and fall, but its use value remains the same for generations.

Thought While Shaving: If the face is the index of the mind, no wonder we worry about mankind.

Man: "I'm early, morning!" Lou: "You're late, night!"

Man: "The baby has fallen asleep."

Man: "I don't try to preserve your health with the baby by getting picked with them."

Man: "I'm afraid I can't marry you."

Man: "Steve, Steve, just this once..."

## Civil Service Jobs Open in Ulster State Institutions

Albany, Sept. 30.—Permanent state civil service jobs paying a starting salary of \$1,840 are waiting for stenographers and typists in institutions maintained by the State Department of Social Welfare, Correction and Mental Hygiene in Charge, Rockland, Ulster, Putnam, Dutchess and Westchester counties. The State Civil Service Commission today urged all candidates to file their applications to be considered for a civil service examination on November 6 through January 1, 1949, to be filled. No experience is required. Application blanks may be secured from the State Department of Civil Service in Albany, or from the local offices of the State Employment Service.

Three of the institutions require these jobs: Sing Sing Prison at Ossining, Watkins Prison at Watkins and the Institution for Male Delinquent Delinquents at Nanuet. There are also vacancies for other men or women at the New York State Training School for Boys, Warwick, Littleton, and the State Hospital for the Insane, Middletown, and the State Hospital for the Insane, Westchester, and the State Hospital for the Insane, Westchester.

The commission pointed out that employees who live at the institutions where they are employed are provided with living quarters, meals, laundry, medical and hospital care for approximately \$50 a year. Recreational facilities are furnished for employees.

## Rail Talks to Baptists On Wartime in England

Clifford L. Rail, principal of the Morris J. Michael School, was the guest speaker at the first fall meeting of the First Baptist Church Men's Club in the church piers Wednesday evening. A dinner preceded the speaker and business meeting at 6:30 p. m.

Principal Rail, a navy veteran of World War 2, narrated some of his experiences during the conflict and related mostly memorable scenes in England and the surrounding area.

He presented an interesting word description of some of his "house" made while stationed in England, his surroundings, the life of the English people and the cultural beauties of the land.

Following the talk, President Albert Sonnenberg reported a committee to study the possibility of arranging a variety show to help raise funds for the church organ project. The committee includes Byron Chapman, Harry Gumaer, Sherwood Lusher, Edwin Gray, Irvin Thomas and the president. A report by the committee will be made at the next meeting on Wednesday, October 27.

Next month's meeting will be planned on the regular business meeting at 8 p. m. without the usual dinner at 6:30 p. m. Refreshments will be served following the meeting.

## Social Security Data Available at Bank

Social Security information and advice will be available free of charge Friday evening at the State of New York National Bank, 301 Wall street, from 6:45 to 8 o'clock.

With the cooperation of the bank, the local field office of the Social Security Administration located in the central post office building, is offering its services on the first Friday evening of each month, for the convenience of Ulster county residents who cannot visit the field office during the day.

Workers over age 65 who are still employed are invited to call at the bank for information regarding their status under the retirement program.

The widow or other relatives of wage earners who have died will be assisted in filing claims for death payments. Death benefits are payable no matter how old the insured worker was at the time of his death.

In addition, the Social Security representative will register the marriage names of women workers, will help obtain duplicate social security cards for those who have lost their original cards, and will answer questions on other social security matters.

## Fourth Driest September

New York, Sept. 30.—Only 59 inches of rain fell in New York city this month, making it the fourth driest September in the history of the Weather Bureau. The Weather Bureau said today the record for September was set in 1941 when 11 inch of rain fell.

The publication, in its last pre-election poll conducted by Elmo Roper, said yesterday that the

findings "merely reinforce and confirm the results of the four preceding public-opinion polls conducted between April and August of this year."

The magazine article said all the polls "indicated that... Mr. Dewey will pile up a popular majority only slightly less than that accorded Mr. Roosevelt in 1936 when he swept the boards against Alf Landon."

Fortune's final poll gave these figures: 44.2 per cent for Dewey; 31.4 for Mr. Truman; 3.6 per cent for Henry A. Wallace, the Progress-

ive Party nominee; 1.4 per cent for Gov. J. Strom Thurmond of the States Rights Party; 0.5 per cent for Norman Thomas, Socialist candidate; 0.5 per cent for others, and 15.4 per cent, no opinion.

## Roper Poll Puts Dewey Far Ahead

New York, Sept. 30.—(P)—Fortune magazine reports that Gov. Thomas E. Dewey is leading President Truman by the "almost unbeatable margin of 44 per cent to 31 per cent."

The publication, in its last pre-election poll conducted by Elmo Roper, said yesterday that the

findings "merely reinforce and confirm the results of the four preceding public-opinion polls conducted between April and August of this year."

The publication, in its last pre-election poll conducted by Elmo Roper, said yesterday that the

findings "merely reinforce and confirm the results of the four preceding public-opinion polls conducted between April and August of this year."

The magazine article said all the polls "indicated that... Mr. Dewey will pile up a popular majority only slightly less than that accorded Mr. Roosevelt in 1936 when he swept the boards against Alf Landon."

Fortune's final poll gave these figures: 44.2 per cent for Dewey; 31.4 for Mr. Truman; 3.6 per cent for Henry A. Wallace, the Progress-

ive Party nominee; 1.4 per cent for Gov. J. Strom Thurmond of the States Rights Party; 0.5 per cent for Norman Thomas, Socialist candidate; 0.5 per cent for others, and 15.4 per cent, no opinion.

## Rained-Out Games Must Be Played By 3rd of October

Cincinnati, Sept. 30 (AP)—Contenders for the American League pennant must play any rained-out games of the schedule by Oct. 3—the last day of the season—or they just will be out of luck.

In the event of a tie between two clubs for the championship, a "sudden death" game would be played on Oct. 4, two days before the start of the World Series with Boston, winner of the National League pennant.

That information was obtained today from a source close to Baseball Commissioner A. B. Chandler. He did not say what would happen if a triple tie occurred between Cleveland, Boston and New York. That would be met "if and when," he said. Chandler could not be reached for comment. Earlier, baseball secretary Walter Mulberry said that under the rules, the question of completing baseball schedules in time for the World Series is one to be determined by the presidents of the circuits.

There is no provision, he pointed out, for the playing of a regularly scheduled game after Oct. 3, the official end of the American season. With New York and Boston still having a chance to overtake Cleveland in the American League race, the question of what would happen if rain prevented completion of the schedule was brought informally before Mulberry.

Cleveland, Boston and New York each have three games to play.

### Local Death Record

C. Rescoe Banta, who for several years conducted an ice cream, confectionery store and candy factory on Wall street, died at his home in St. Albans, Vt., on September 29, following an illness. Mr. Banta, during his residence in Kingston was active in fraternal circles and at one time served as president of Wilkwyck Hose Company. Surviving are his wife, Fannie, daughter of the late William Thomas Van Tassel, who was sheriff of Ulster county in 1922-24, a daughter, Mrs. E. J. Banta, Jr., and a son, E. J. Banta, Jr., who is in the U. S. Army.

Maria D. Ellison Page, wife of I. Francis Page, died Wednesday afternoon in Kingston following a long illness. She formerly resided in Ulster Park and will be missed by her many friends and neighbors. Mrs. Page was a member of the Ulster Park Reformed Church and the W.C.T.U. Besides her husband, she is survived by a niece, Mrs. Margaret L. Thompson of Freeport, La. The funeral will be held Saturday at 2:30 p. m. from the Ernest A. Kelly Funeral Home, 111 West Chester street. Relatives and friends are invited. Burial will be in the Port Ewen Cemetery. Friends may call at the funeral home Friday between the hours of 7 and 9 p. m.

The funeral of Thomas P. Rice was held from the Ernest A. Kelly Funeral Home today at 2:30 p. m. with the Rev. E. J. Schreiber of St. Paul's Lutheran Church officiating. During the time the body rested at the funeral home, many friends called to pay respects to one they had known for many years. Roundout Lodge, 313, F. & A. M., conducted a ritualistic service Wednesday evening. Many beautiful floral designs were laid out about the casket. The funeral home was filled with his many friends. Burial took place in the family plot in Monticello Cemetery where the Rev. Mr. Schreiber conducted the committal service. Members of the Masonic Lodge were bearers.

## New Helicopter Boasts Bus-Sized 'Capsule'

This is a drawing of the Air Force's new helicopter, the Piasecki XH-16, which will be the world's largest. The XH-16, with its detachable "capsule" the size of a cross-country bus, will be able to carry the largest load ever carried by this type of aircraft. The ship, designed for use as a troop and supply carrier, air ambulance, and large-scale rescue craft, is comparable in size to a Douglas C-54 airliner.

**Military Plane Crashes**  
Kilgusville, Va., Sept. 30 (AP)—A military plane, tentatively identified as a national guard craft from a Georgia base, crashed and exploded near here yesterday, killing its occupants. An army spokesman at Camp Pickett said the plane apparently was from either the Marietta or Warner Rehearsal Air Bases in Georgia. He added at least two persons had been identified by papers found in the wreckage and checked against a landing list filed at Mitchell Field, N. Y., the plane's destination. The spokesman said three men were believed to have been in the plane. The names of those dead were not released. The Richmond, Va., air force base said an investigation party was on route to the accident scene.

## Financial and Commercial

New York, Sept. 30 (AP)—Early demand faded away in the stock market today and fractional gains in numerous cases were converted into small losses.

A fair amount of business was done, but professional traders again accounted for most of the activity. Public interest in stocks remained at low ebb.

Wall street continued to take its trading cue from the international news. Most reports from the domestic business front were encouraging, and prospects for the immediate future at least are regarded favorably, but these influences failed to stir up much enthusiasm.

Marked down fractions to around a point were U. S. Steel, Republic Steel, Chrysler, American Telephone, Cerro de Pasco, American Smelting, Westinghouse Electric, American Woolen, Nickel Plate Common, Santa Fe, Texas Co., and International Paper.

Still ahead were Goodyear, Firestone, Deere, United Aircraft, Electric Power & Light, Kennecott Copper, Allied Chemical, Texas Gulf Sulphur, Nickel Plate Preferred, Union Pacific and Pacific Western.

Revere Copper and Brass moved up about a point at one time following news of a boosted dividend. Announcement of an extra dividend helped Burlington Mills.

Higher in the curb were Pancoast Oil, Cities Service, Babcock & Wilcox and Argus Inc.

In the bond market attention centered on one of the heaviest issues of new issues in some time. R. J. Reynolds accounted for most of the activity, with new issues of \$100,000,000 in new security with the sale of \$60,000,000 worth of bonds.

U. S. Governments held steady in the over-the-counter market.

## Ellenville Press Building Damaged

Ellenville, Sept. 30 — Wednesday's edition of The Ellenville Press was threatened by a fire which damaged an apartment on a floor above the newspaper's editorial room.

Irving T. McNally, publisher, said the fire, which was discovered shortly after 7 p. m., caused no serious damage to the paper's equipment, but resulted in some water damage.

Fire Chief Robert Michel of the Ellenville department, was not available for a statement, but Benjamin Litchford, assistant chief, said origin of the blaze is unknown. It damaged a stairway, attic and parts of the living quarters in the apartment.

The publisher was getting out this week's edition of the newspaper when the blaze was discovered. He had moved to the building on Canal street during the summer from quarters on the same street.

Flames blocked the blaze before it destroyed the upper part of the building, which is of frame construction, and two stories in the front. The lower part is of concrete-block construction. The upstairs apartment was occupied by Fred Bramhall.

### JAILED

Ralph E. Cook (above), 19, of Portland, Me., was sentenced to two years in federal prison for refusing to register for the draft—the first term meted out under the Selective Service Act of 1948.

The only brandy store of the town was closed, owing to a strike.

## 156th F.A. to Hold Open House Oct. 4

Visitors May See Armory and Observe Drill

The public will be afforded an opportunity to inspect the New York State Armory on Manor avenue and to witness local National Guard members in training on Monday evening, it was announced by Colonel Frank Harkin, commanding officer of the 156th Field Artillery.

During the open house program, the public will be allowed to visit classrooms where lectures and instruction on map reading, compass and cryptography will be in progress. There will also be demonstrations in wire and radio communication.

Visitors may observe a close order drill team at work, classes in physical training, motor maintenance classes and a demonstration in which a field artillery battery occupies a position of fire and will observe the entire technique of placing fire on targets that cannot be seen from the firing position. Classes in fire control instructions and chemical warfare training may also be visited.

Guides will conduct groups of visitors through the entire curriculum of training and will explain the functioning and mission of each type training conducted. Ladies may test the latest methods of army cooking, field ranges will be operating and snacks will be served.

Transportation in army trucks will be provided from the corner of St. James street and Broadway to the Armory and return for those who lack transportation facilities. The trucks will leave from Broadway every 15 minutes beginning at 7:45 p. m.

Pointing out that Kingston supports the oldest military organization in the country and that it is "chock full of history, tradition and feats unparalleled by any other military unit," Colonel Harkin urged all who can to attend.

**Alfredo Galli Dies**  
New Orleans, Sept. 30 (AP)—Alfredo Galli, noted Italian portrait painter, died suddenly in his apartment here last night. Dr. Fernando Carlomacho attributed death to a heart attack. The 79-year-old artist was internationally known for his portraits. His subjects have included European nobility and prominent persons of two continents.

The area has been without a helpful rain for 50 days, Edinger said. The June rainfall was about normal, but July was exceptionally dry. The rainfall in August was about equal to that for the same month during the past five years, but it was actually a dry month, and September has been no better.

### Mrs. Blanche Rosett Chosen Again as Guild President

Woodstock, Sept. 30—A petition signed by all directors of the Woodstock Guild of Craftsmen, urging Mrs. Blanche Rosett to serve as president of the organization for another term was responsible for her acceptance of the office. Mrs. Rosett has served in this capacity for several years during which time the guild has made great strides, much of which is attributed to her fine leadership and untiring efforts. At the annual meeting Tuesday afternoon in the Woodstock Art Gallery, members of the board and others rose and expressed their appreciation to Mrs. Rosett when she formally accepted the nomination and was unanimously re-elected.

Other elections during the meeting included Ethel Moncreux, first vice president; Isabel Dougherty, second vice president; Josephine Barnard, secretary; Jessie A. Stagg, recording secretary; Alice Henderson, treasurer. Chairman of committees elected are: Helen Chase, Finance; Tisane Gardner, publicity; Mrs. Anton Otto Fischer and Anita Stallforth, house maintenance; Mrs. Roland A. Albin, shop; Mrs. Carl Eric Lindin, policy; Mrs. Helen Buttrick, books; and Mrs. Katherine Boyd, nominating.

It was with regret that the membership learned Miss Beatrice Gossola, director of education for three years, had tendered her resignation. A resume of Miss Gossola's accomplishments was set forth by Isabel Dougherty and it was learned that since 1943, 12 crafts in addition to the children's workshop and design classes, have been taught in the guild. During this period, 248 individual students attended the classes, many studying more than one craft. The students came from everyone of the seven districts in Woodstock township and from Kingston, Phoenixia, New Paltz, Hurley and Stone Ridge chiefly, although more than 26 teachers of arts and crafts from New York, Kentucky, Rhode Island, Connecticut and Pennsylvania were also enrolled.

Of interest too was the fact that at least 23 students so far have become regular consignors at the Guild. In accepting Miss Gossola's resignation, Mrs. Rosett told the members that the educational work would continue as in the past and that due to the unusual background and ability of the director, this phase of the Guild because of its exceptional organization, could be carried on with little supervision.

#### Reports Are Given

Reports of various committees were read by the chairman and each in turn expressed its appreciation to their respective com-

mittees. Mrs. Cecily MacReady, shop attendant, described briefly the interest and cooperation on the part of those in shop with the customer and consignors. Mrs. Anita Mower has assisted Mrs. MacReady in this work during the summer months.

In her resume of the year's work, Mrs. Rosett stressed the value of the volunteer workers in the guild without which assistance, she stated, the guild simply could not function. "Many of the leaders," said Mrs. Rosett, "are non-craftsmen but they believe the crafts should be fostered the same as paintings, and sculpture is an aesthetic contribution to our cultural life. Visitors from out of town express great surprise and admiration for the activities going on here."

She spoke to the consignors and told them, "without you the guild could scarcely carry on and certainly could not enjoy the advantages it now has."

And to the members, "the money from your membership fees is held as a backlog against future emergencies. Life memberships provide a fund for craftsmen to draw on for material. The shop is kept on a self-sustaining basis like any business."

Because of the innumerable hours of work required of the officers, it was learned that becoming more and more difficult to secure the services of individuals qualified for such work and the president told those present that at a recent board meeting, it was decided to have a part time paid executive secretary.

Mrs. Albert Wampler, former Woodstocker, it is believed will take over this work. For the past several years, Mrs. Wampler has been at Harvard University where she assists the wives of veterans studying there, to find homes, occupations in or outside the home and acts as a general advisor. Said Mrs. Rosett, "we know that she likes her fellow man, has vision and tact and we have great hopes of what she might bring to the Guild."

To stimulate design, Mrs. Lindin, chairman of the Policy Committee, stated that she and her committee had hoped to offer a cash prize for the best design submitted during the year, but unfortunately no funds were available. She intimated, however, that they were still optimistic that a contribution would be forthcoming for this purpose.

**Are Working for Fair**  
Work is already in progress for the annual holiday fair and a plea for volunteers to help make posters was made by Mrs. Boyd. The fair will open on November 26 and this year instead of having posters printed commercially, those in charge are anxious to have all original ones. Morris

### Hours Are Changed At Village Post Office

Woodstock, Sept. 30—Postmaster Howard Bell announces that beginning October 1, the Woodstock Post Office will close at 5:30 p. m. Mondays through Fridays and 4 p. m. on Saturday. This change will be in effect throughout the winter months, Bell said today.

Klein, Woodstock artist, offered his services and it is expected many others will join in this project.

The members were invited to visit the Weaving Shop which has been outfitted solely for this purpose and which will be supervised by the nationally known weaver and designer, Floyd LaVigne. Regarding this phase of the educational work, Mrs. Rosett stated that she could not say enough about the weaving and the wonderful opportunity for anyone interested. "I am certain if people in the county were aware of this wonderful opportunity to study weaving, color and design with Mr. LaVigne, we would not be able to accommodate the numbers who would take advantage of it."

This instructor has received innumerable awards in national exhibitions and only recently when the American Artists Association decided to open a gallery on the West Coast, they invited LaVigne to be represented in the gallery. Carl Walters, another Woodstock and prominent ceramist, will also be represented in the new gallery.

Retiring from the board this year are Mrs. Zulma Parker, one of the Guild's original members; Mrs. Frieda Milne, Mrs. Margaret Sewell and Mrs. Marion Chambers. These ladies received high praise for their excellent service to the Guild.

Following the meeting, tea was served on the terrace by Mrs. Sewell and her committee and a social hour was enjoyed by the members.

The Board of Directors will hold a meeting Monday afternoon at 3 o'clock at the guild to discuss the holiday fair.

### Playhouse Revue Nets Fund \$1,500

Woodstock, Sept. 30—The Woodstock Foundation is still receiving contributions for its fund and it is reported to date that the fund has approximately \$1,500 after all expenses were paid for the recent benefit performance at the Woodstock Playhouse.

A meeting of all contributors will be held in the near future for the express purpose of holding the annual election of officers and to establish a legal working program of its aims and purposes to do the most possible good. The officers and trustees of the foundation have expressed their appreciation to the public generally for its assistance in mak-

ing the recent benefit the success it was. They also pointed out that contributions may still be made to the foundation and anyone desiring to do so may send their contributions to Sidney Berkowitz, secretary.

### Pottery, Ceramic Exhibition Oct. 3

Woodstock, Sept. 30—The public is invited to attend an exhibition of pottery and ceramics at the Jesse Stagg studio, Shady, Sunday afternoon, October 3rd, from 3 to 6 p. m. Represented in the exhibition will be the work of thirteen pupils who have been studying with Mrs. Stagg, instructor for the Woodstock Guild of Craftsmen.

The exhibitors include, Mrs. Maude Petersham, Ruth Harmati, Bertha Thompson, Josephine Barnard, Mrs. Gus Schrot-

ter, Mrs. Florence Newfield, Mrs. R. Christin, all of Woodstock township, and Herbert Cutler, of Kingston; Jessie Prisch and Esther Bensley, New Paltz State Teachers College; Mrs. M. Miller, Kingston; Mrs. Isabel Hrazanik, Phoenixia; and Aubrey Keating, Texas. Many of these pupils are novices in this field and according to Mrs. Stagg have shown remarkable talent.

### Cherry Will Show Work in New York

Woodstock, Sept. 30—The first Woodstock artist to have a one-man show in New York city this season is Herman Cherry whose exhibition will open at the Weyley Gallery Monday, October 4 and continue through November 4. Included will be eight paintings, one mobile and three stabiles. Cherry's "Mobiles" and "Sta-

biles" have created interest in the field of art and it was only a few months ago that a special feature article with photographs of his work appeared in Life magazine. About this particular phase of interest, Cherry explained that "approximately 40 years have elapsed since the first constructions as a purely aesthetic art form and its later exploitation of motion. Prior to that as far as I know some mobile toys were made as well as some primitive masks, which might be considered."

His mobiles are represented in private collections throughout the country and in New York Galleries, as well as paintings, gouaches and drawings. His previous one-man shows have been held in New York and Los Angeles, but he has also exhibited in museums and galleries across the country during the past nine or 10 years. Prizes and awards received by Cherry, who has resided in Woodstock for three

years, include the Elstedford Medal, 1929; Scholarship, OHS Art School, 1927; Pomona State Fair, Ontario, Calif., second prize 1939 and 1939; American Artist Congress Show, Los Angeles, 1940; Oakland Museum, California, most popular painting, 1943; and first honorable mention in 1944 at the Los Angeles Museum.

On October 15, Cherry and his wife, Denny Winters, who received the Guggenheim award this year, will sail for Europe. Their first stop will be Paris where they will visit the museums, talk with artists and do some sketching. They expect to remain in Europe for six months. They look forward eagerly to resuming.

## 10 Civic Leaders Will Make Plans For Yule Lighting

The Kingston Chamber of Commerce will seek advice of a group of representative citizens in connection with the Christmas lighting program. It was decided at a meeting Wednesday night because of the civic importance of Christmas lighting a group of 10 prominent community leaders is being invited to a planning conference, which will be held Monday night.

Several suggestions have been made for consideration by the planning group. One is the possibility of sponsoring a home lighting contest, another is the idea of having an essay contest among school students. Plans are being developed for a grand display of the lighting season and the possibility of having a community celebration during the Christmas season will also be discussed.

man of the 1948 Christmas lighting, would like to have a full attendance at the conference on Monday. The Chamber of Commerce feels that the civic pride fostered by effective Christmas lighting justifies the support and cooperation of all citizens. Therefore the advice of a representative group of leaders is being sought.

### Gangsters Batter Bridge

Bangkok (AP)—Would-be ferry operators are blamed by a Siamese communications ministry official for damage to a bridge near here. The official said log rafts had been released in the river, damaging the bridge supports. He surmised that a gang wanted to put the river crossing out of action so they could set up an alternate ferry crossing and make a profit.

### Registration

Friday and Saturday are the first two days of registration for the presidential election on November 2. The polls will be open from 10 a. m. to 10 p. m. If you are not registered, you cannot vote. Do it tomorrow and be assured of your vote in this important general election.

ted, no Russian text was available and he wanted time to study it.

The session then was suspended until tomorrow morning.

McNaughton said that since the General Assembly established the Atomic Commission early in 1946, the power of the bomb had been "infinitely increased" and now sources of raw materials had been discovered.

He did not elaborate.

The general appeal for adoption of the commission's majority proposal presented by Baruch June 14, 1946, and vetoed by Russia.

The Soviet counter-proposal, he said, provides only for "unilateral control."

The Canadian resolution called on the U.N. Assembly to recognize that the majority report constitute "the necessary basis for establishing an effective system of international control of atomic energy."

Adoption of the proposal by the political committee would forecast its adoption by the full assembly because all member nations are represented in the committee.

General debate in the 58-nation General Assembly has been completed with the last policy statements by heads of delegations. The assembly now has separated itself into the six component committees that will carry the main load of business in the coming weeks.

With the complaint of the United States, France and Britain against Russia officially on its docket, the Security Council's next move is awaited with rapt attention by both delegates and observers.

Today is the last day Britain's Sir Alexander Cadogan, September chairman of the council, can issue a call for a meeting of the body. The best informed opinion was that it will be summoned for tomorrow or Monday.

In either case, the council chairmanship, which rotates monthly, normally would go to Austin.

American sources indicated, however, Austin would stand aside when the Berlin issue is brought to the council docket.

In that case the chair would pass to Argentina, usually represented on the council by Dr. Jose Arce. Argentine sources said Arce's foreign minister, Juan Atilio Bramuglia, might sit instead of Arce if the western powers send their foreign ministers to hearings on the Berlin case.

Only During Hearings

In any event, if he steps aside at all, Austin is expected to relinquish the chair only during hearings on the Berlin issue. He would take back the chair for hearings on other subjects.

The western power complaint against the Soviet Union, citing the Berlin blockade as a threat to international peace, formally reached the U.N. in the form of three identical letters, accompanied by some 30 pages of documents giving the history of the controversy.

In the opening stages of committee work, the important political committee defeated a British motion to place the Palestine question at the top of its agenda.

The Arab bloc, pleading it had not had enough time to study the report of Count Folke Bernadotte, the United Nations mediator, led the opposition.

The committee put the report of the Atomic Energy Commission and Russia's proposal for armament reduction ahead of the Palestine case. The Greek border issue, the case of Korea and the disposition of Italy's former African colonies followed on the committee's work.

The assembly's social committee came up with an early agreement on an international treaty to control illegal traffic in narcotics.

Says Materials Stolen

Roland A. Augustine reported to police Wednesday night that someone stole a quantity of lumber and building material from the house which he is building at 74 Harding avenue. He said there had been a previous theft of material from that location about three weeks ago. Augustine told The Freeman that approximately 20 two-by-four rafters and one-half a load of brick had been taken.

Nazi Wrecked Schools

Warsaw (AP)—The Germans destroyed 7,821 school buildings during the war, figures released by the ministry of education show. Of these, 6,842 were grammar schools; 263 secondary; 294 professional; 80 teachers' seminaries and 337 nursery schools.

## Approval Is Suspended

Washington, Sept. 30 (AP)—The Federal Communications Commission today announced that it is temporarily suspending approval of any new television stations in order to "polish" the service already authorized. The action, effective immediately, freezes 302 pending applications for new video stations. The pause in the further expansion of television broadcasting at this time finds a total of 123 stations authorized, of which 37 are actually on the air. The remainder held construction permits and are in various stages of development.

## G-E Organization Ordered, Declares Former UEW Man

Schenectady, N. Y., Sept. 30 (AP)—A former C.I.O. official told congressional investigators today that Communist party members were ordered "to organize" General Electric Co. workers as a matter of "utmost importance."

The statement was made by Salvatore H. Vottis, 42, former financial secretary of Local 301, United Electrical Workers Union, who identified himself as a former Communist.

Vottis was the first witness before a House Labor Subcommittee probing Communist influences in labor organizations. The subcommittee came here to investigate Local 301, which claims 15,000 members of the home plant here of General Electric.

Vottis said that during 1936 while he was an officer of the local he "met regularly" with Communist party members in Schenectady.

"Once in a while," he said, "Earl Browder would come up from New York to pep us up."

Vottis said that at the meetings party members were told by leaders that "it is of the utmost importance to the party to organize General Electric."

He said that in the eyes of the Communist party General Electric represented "the strongest bulwark of capitalism."

Vottis also testified he made frequent trips to Communist party headquarters in New York city and that "that was the first place I met Mike Quill."

Quill is head of the C.I.O. Transport Workers Union.

Vottis, now a retail store operator, said he attended a "secret school" for Communists near

Beacon, N. Y. He said he attended for six weeks during April and June of 1936, while financial secretary of Local 301, and that expenses were paid by the Communist party.

"My excuse in the union for leaving for six weeks was that I was attending a labor school," Vottis said.

Vottis said he was a Communist party member from 1935 until 1939. He said he was financial secretary of the local from 1935 until 1944, but that he had not been employed by General Electric since 1935.

A witness told the subcommittee in Washington yesterday that Communists had seized control of Local 301 by "fraud and unscrupulous tactics."

Terror Campaign Charged

Bucharest, Romania, Sept. 30 (AP)—The Cominform bulletin said today Yugoslav Premier Marshal Tito has unleashed a terror campaign against Communist sympathizers. An article by Slavko Nikic reported arrests of Cominform sympathizers in Belgrade. It also reported the removal from office and disappearance of Vuko Dmucic, Montenegrin republic deputy chairman, and its minister of trade and supplies, Education Minister Niko Pavic, and Industry Minister Blazo Borovinic.

In another article, Hilary Minc, a member of the central committee of the Polish Communist Party, said the fight against well-to-do peasants and in Poland must be intensified.

Fans for Spain

San Sebastian (AP)—The first national fan exhibition has been staged here as part of a program to revive Spain's fan making industry. An estimated 400 antique fans and several hundred modern products were displayed. Prizes totaling \$1600 were awarded. The exhibition was sponsored by the artisans' syndicate under which the Spanish fanmakers guild functions. Spain, Japan and France were pre-war leaders in the fan making industry.

mis-fired Russian adventure of two years ago. Soviet occupation troops finally were pulled out of Iran's Azerbaijan province under pressure from the United Nations Security Council in a crisis somewhat similar to the present Berlin dispute.

One Moscow broadcast this week charged the Iranian government with failing to carry out an amnesty order freeing pro-Soviet leaders rounded up after the Russian troops withdrew. Another claimed that Iran is about to enter an Arab bloc which "will serve the interests of the Anglo-American monopolists of the Middle East." A third reported that danger of "famine" is increasing in Iran.

Meanwhile the clandestine Azerbaijan station was calling the Shah, Iran's ruler, a traitor because of his talks with British officials in London.

While the propaganda alone is not taken too seriously by American authorities, they denoted that the Pro-Soviet Tudeh Party also has stepped up its activity. It submitted a nine-point list of demands on the Iran government last month which strictly followed the Moscow line.

The United States has a veteran career diplomat, John C. Wiley, on the scene as ambassador. The Soviet ambassador is reported absent from Tehran at the moment, along with the Russian military attaché. They ostensibly are on vacation.

## Smoke Test Made At Atomic Plant

of the U. S. Atomic Energy Commission.  
Harmless smoke, made by a generator, was sent up a 335-foot-tall pipe at Brookhaven and studied to see where it went, and especially if any drifted to the ground.  
This smoke robot is to be the safety valve for the air around the great 300-foot stack of the atomic pile, or furnace, which is expected to start operation here in December. This is the first atomic pile to be completed since the war.  
The big stack will carry aloft radioactive air from the pile, which is air-cooled. One of the air gases, argon, remains radioactive for a few minutes after reaching the top of the pile stack. The rest of the air loses its radio-

activity too quickly to do any harm.  
The smoke tower tried out this week is about a mile from the big pile. Its job is to warn the weather men whenever conditions would drop the argon gas down to the earth or close to it. The argon will act like the generator smoke. But argon is not viable, so the smoke has to be the monitor.

## Comedians Will Share Spotlight At the Broadway

Comedians will share the spotlight with the famous Richard Adair Dancers, who will present their unusual "Clyde Beatty Fantasy" on the five-act professional vaudeville show at the Broadway Theatre Friday and Saturday, October 1 and 2.

The Adair Dancers, who have played such New York theatres as Radio City Music Hall and Loew's State, and such supper clubs as New York's Latin Quarter, consist of four girls dressed as leopards and tigers, and two men as animal trainers. Their routine is a rhythmic and quick moving interpretation of trainers bringing the wild animals under control and putting them through their show paces.

One matinee and two evening shows will be presented daily, in addition to the first-run screen attraction "Song of My Heart" starring Sir Cedric Hardwicke, Frank Sundstrom and Audrey Long. The picture is based on the life and times of Tchaikovsky, and includes many of his most famous immortal music.

Comedy, in the forms of acrobats, singers, dialecticians and eccentric dancers will comprise the remainder of the bill. Most amusing number is expected to be "A Bit of Nonsense," starring Hank Whitehouse, baggy-pants comedian of Billy Rose's Aquashow.

Liza Morrow, for several years

featured girl vocalist for Benny Goodman's orchestra, will also be featured.

they played for several weeks at McArthur Stadium, will present their teetering-twirling ladder climbing act.

The dialectician will be Anthony and Rogers, a pair of old-time vaudeville stars, who are noted for their comic Italian routine. Harry Rogers, a big fat comedian, portrays the fruit dealer beset with problems, and pint-sized Anthony is the straight man.

In the past, when a player announced that he was playing Culbertson, it was assumed that he also was playing the four-five no trump slam convention. Now, however, the Culbertson system has adopted the Blackwood slam convention. The Blackwood convention has many variations, but today we will discuss it in its simplest form.

The Blackwood convention does not require that you and your partner agree on a suit before the convention becomes effective. Also, the bid of four no trump over three no trump is still the Blackwood slam convention bid. In today's hand, for example, some players with the South cards might plunge into four no trump over the bid of one spade. I certainly would not recommend it, but it is possible to make such a bid, even though there has been no agreement on a suit. It is far better, of course, to bid normally when possible.

When North jumps to three hearts over two diamonds, South knows that he has normal heart support. The bid of four no trump asks for aces, and North, with two aces, must respond with five hearts regardless of the heart holding. Now South knows that the contract is perfectly safe at six, but if North happens to have two kings, it counts out for a grand slam.

Therefore, he bids five no trump, and again North's six heart response is not a heart bid, but simply shows two kings. With two aces and two kings in the North hand, South can count 13 tricks and bids seven no trump.

Do not bid four no trump to ask for aces if your partner's response may put you in too high a contract. When you bid five no trump, you ask for kings, and the responses are the same as for aces but one level higher. With no kings, bid six clubs; with one king, six diamonds; two kings, six hearts; three kings, six spades, and four kings, six no trump.

## Saved by His Hobby

By FRANK TRIPP

One time I bought a boat hoist from a man who told me a strange story. It emphasizes the value of a diversion in times of severe mental strain and misfortune. In this case a hobby saved a man's life.

It was in the early 30s when the disaster which befell so many men in the crash of '29 was fresh in every mind. Perhaps the story impressed me more because I was feeling a bit guilty for giving so much of my own time to one of my hobbies—boats.

Maybe I grasped it as an alibi. Whatever the reason, it made me pursue a trio of hobbies more vigorously. I never have regretted the time I gave to my little navy, my workshop and my cameras.

THE MAN who told me the hoist, an ingenious device to raise a heavy speedboat easily, got into that business in an unusual way. He once had a successful and rather big business which was utterly foreign to boats. Boats were his diversion and he had the means to own the size and type that hit his fancy.

For his own convenience he conceived and built for himself the clever hoist which caused us to meet. He never thought that his gadget some day would be his salvation; would stand between him and death and bring him recovery from a blow which seemed fatal.

THAT day came. He was one of the victims of the '29 crash. He lost his business, his life's work and savings. He and his family were almost destitute, with no way out.

Every way he turned failure and disappointment confronted him. It preyed upon his mind. For him, the end of all was at hand. Unbalanced by his loss and predicament, he went to his boats to bid them good-bye. They were the friends of his happy years. They had carried him away from weighing worries and brought him back refreshed. Now, when he needed them most, they were his no more. They went with everything else that he loved.

He went to his boats, to cast himself off their deck where so much happiness had been his; to end it all in the harbor of peace which he builded for himself in his golden days.

He was ruined; he had failed; he could face no more, he thought.

"I SAT with my head in my hands," he told me, "and convinced myself that the best I could do for my family was to make them heir to all I had left to give them, my life insurance, I was worthless alive."

"I arose to walk to the end of the dock and turned for one last look at those symbols of so many happy hours."

"Before my eyes was the hoist I built. Something told me 'you made that' and I stopped in my tracks to admire my craftsmanship in a light that never before had dawned upon me."

"As I looked, another voice within me said 'make some more; sell them; they're good.' I caught myself arguing with the idea; trying to cast it off and be on my way to a coward's grave in the waters I loved."

THOSE WATERS never claimed his deranged mind because something that he had created himself transported him to his senses. He went back to face the world with backbone and a smile. It was tough but he made the grade. The product of his hobby, the brainchild of his diversion, became his livelihood.

By the time I met him he was the proprietor of a dandy little business in which he said he was happier than ever before, though less affluent.

A useful thing which he had made with his own hands started him in the face at the right moment and possessed his thoughts long enough to shock him back to straight thinking.

THE MAN who hasn't a place to go with his worries, sooner or later is doomed. Worry is the result of crooked thinking. Few men who create things with their hands die of worry or suffer much from it.

That's why so many brain workers have shops of power tools in their cellars, guns in racks, fishing tackle in boxes, boats in a cove—and go to them often.

And that's why those who do, thing straighter and live longer than those who don't.

## New Religious Radio Program

Sponsored by Episcopal Families Over Local Station on Friday

"Great Scenes From Great Plays" an entirely new departure in religious radio programs, sponsored by the Episcopal families of Kingston, will be broadcast for the first time on Friday evening, October 1, from 8 to 8:30 over station WKNY and every Friday evening thereafter.

"Cyrano de Bergerac," Edmond Rostand's timeless drama of self-denial, starring the beloved veteran actor Walter Hampden, who created the part of the daring, poet and philosopher Cyrano in more than 1,000 stage performances, will be the first "Great Play" to be broadcast coast-to-coast over 50 stations of the Mutual Broadcasting System. This unusual radio series is produced by the National Council of the Protestant Episcopal Church with the cooperation of the 800 members of the Episcopal Actors' Guild. Mr. Hampden will act as host for all subsequent programs.

A cultural departure from the usual religious programs, "Great Scenes From Great Plays" is aimed directly at approximately 7,000,000 Americans who have no church affiliation, as well as those other millions who have allowed their church affiliation to lapse. In giving the earnest support of the clergy for the program, the Rt. Rev. Henry Sherman, presiding bishop of the Episcopal Church, wrote recently:

"We all know that in this country there are millions of men and women who have no connection with any communion of the Christian Church. If this is to be a truly Christian nation, they must be reached and interested, and this must be done where they are and in a language at the level of approach they can understand."

Imagine your support of this new, exciting drama, and yet see serious, sound evangelistic plan. Plans for broadcasting on successive Friday evenings during the ensuing months have been carefully selected by the National Council with two ends in view. First, a religious message is delivered upon, and then a search is made for the outstanding drama that best portrays the message. For example, in "Cyrano de Bergerac," the religious message to be delivered is that man's noblest moments come with denial of self and the substitution of great love and faith. Cyrano's absolute self-denying love for Roxane, plus his love for his fellow men (in this instance a young officer of his own regiment) not only create drama, but also provide inspiration for every listener.

Without hymns, prayers or reading scriptures, "Great Scenes From Great Plays" will be heard on Friday evenings in frank competition for listeners with other broadcasts. The commercial announcements will differ only from competitors in that it has nothing to sell, except that it offers uncounted millions an opportunity to become better acquainted with the Episcopal Church and its relation to the individual.

**To Meet in Buffalo**  
The Universalist churches of the state will hold their 123rd annual sessions in the First Universalist Church in Buffalo, October 11-13.

**Registration**  
Friday and Saturday are the first two days of registration for the presidential election on November 2. The polls will be open from 10 a. m. to 10 p. m. If you are not registered, you cannot vote. Do it tomorrow and be assured of your vote in this important general election.

**Elk Skeleton Found**  
Belfast, Northern Ireland (AP)—The perfectly preserved skeleton of an ancient Irish elk was found at Churchtown, Cork county, by river drainage workers. Experts said it was at least 5,000 years old. The elk's antlers measured 11 feet from point to point, and the combined weight of antlers and skull was 224 pounds.

**Widow Is Proposed**  
Stockholm, Sept. 30 (AP)—The American-born widow of Count Folke Bernadotte was suggested today as his successor as president of the Swedish Red Cross. The newspaper Svenska Dagbladet

said the job should go to countess Estelle Bernadotte, the former Estelle Manville. According to about 90 per cent of the Swedish Red Cross members are women, the newspaper said. "She (the countess) knows better than any body else what the late president

hoped, wanted and believed in."

#### Child Is Suffocated

Reading, Pa., Sept. 30 (AP)—Four-week-old Dolores Helga Lake was found dead beneath her mother, Mrs. Alfred Lake, Jr.,

who had fainted while holding the child, police reported. Police said Mrs. Lake was found lying on the floor of her apartment at nearby Lenhartsville, Pa., yesterday by her sister-in-law, Dorothy Lake. The baby was taken to the office

of Dr. S. A. Brunner, who pronounced her dead, police said.

#### Binnewater Dance

#### Registration Gains

New York, Sept. 30 (AP)—New York city vote registration stepped up yesterday, but the total for the first three days still was below the 1940 and 1944 figures. The 1948 three-day total of

1,374,714 is 94,511 below 1944 and 24,128 below 1940. Yesterday's registration of 509,167 was the highest so far in the six-day period. The figure, however, was 15,608 behind the 1944 third-day total and 59,028 behind the 1940 third-day total.

Weizmann Arrives  
To Reside in Palestine

Tel Aviv, Sept. 30 (AP)—Chaim Weizmann, president of Israel, arrived here today to take up residence for the first time in the Jewish State.

The Zionist leader, who was under medical treatment abroad when the state was proclaimed in May, flew here with his wife from Switzerland in a four-engined Skymaster owned and operated by the Israeli government.

Slav Delegate  
Stands With Reds  
On Monetary Fund

Washington, Sept. 30 (AP)—Despite Marshal Tito's personal troubles with Moscow, Yugoslavia is keeping a united front with the "faithful" Soviet satellites at the annual World Bank and Monetary Fund meetings here.

The Yugoslav delegate is standing solidly with the Polish and Czech members on economic matters here just as his counterpart at the United Nations in Paris is joining with the Russians, Poles and Czechs on political matters.

Russia never has joined the bank or fund, but the other three nations in the past have pooled their votes to fill one of the 14 executive director posts. They were expected to do it again at director elections today.

Their solidarity was demonstrated for the second day running yesterday when they teamed in criticizing the bank's praise of the U. S.-financed Marshall Plan, along with its report that "political considerations" had ruled out loans to the Soviet satellites so far.

However, the main difference between the Eastern European bloc's performance in the meetings here and at Paris was pointed up by Bank President John J. McCloy. He stressed to reporters that their criticism was "not rasping—it was in good temper."

The satellite delegates insisted that the bank's wartime planners—who included Soviet envoys—had agreed political considerations must not enter into bank dealings.

But McCloy told newsmen political matters had to be taken into account in considering loan applications of the Russian dominated countries because:

1. These considerations affect the "reasonable assurance of repayment" that the bank requires and the willingness of private U. S. investors to buy bank securities.

2. There would be no use in lending money to the Soviet bloc countries to buy American industrial machinery when this country will not permit such shipments to them.

Boy Hangs 42 Hours  
In Wreckage of Plane

Edmonton, Alta., Sept. 30 (AP)—R.C.A.F. fliers today praised the courage of a seriously injured 12-year-old boy who was rescued from a wrecked plane after hanging head-downward for 42 hours beside the body of his mother.

The boy, Michael Lintner, suffered a compound skull fracture, a broken right arm and frozen feet. He underwent surgery at an Edmonton hospital last night and his condition was reported critical.

Michael was being flown by his mother, Mrs. A. L. Lintner, from their home at Anchorage, Alaska, to school in the states when their plane crashed in rugged country 65 miles northwest of Fort Nelson, B. C.

The plane wreckage was sighted yesterday by an R.C.A.F. plane which led a ground party to the scene.

Two of the rescuers, Sgt. Larry Poulson and leading airman K. W. Clark, said the boy was conscious when they reached him.

"The boy was one of the bravest I have ever seen in my air force experience," said Clark. "He knew his mother was dead but never mentioned it."

The boy's father, Lt. Col. A. L. Lintner of the Army Reserve stationed at Great Falls, Mont., flew to meet the boy at Fort Nelson. "It just happened like that," the boy told his father on the plane trip to Edmonton.

The plane was found, mantled in snow, on Steamboat Mountain. R.C.A.F. fliers said the spot was particularly dangerous territory for light aircraft. They expressed belief the ship had been caught in a downdraft.

Mrs. Lintner, who has flown 435 hours, was flying at the time from Watson Lake, Y. T., about 250 miles to Fort Nelson, following the Alaska highway.

American Women  
To Tell World  
They're No Drunks

New York, Sept. 30 (AP)—American clubwomen will take to the radio to tell Europeans that American women are not "alcoholics" and "Amazons," as Russian propaganda pictures them.

The announcement was made yesterday at the opening of the 1948-1949 Presidents' Council meeting of the New York City Federation of Women's Club.

The programs will begin in November, according to Mrs. Mark Dunnell, radio chairman of the federation.

She said the group has obtained a 15-minute weekly spot on station WRUL.

The shortwave broadcasts over that station, formerly affiliated with the "Voice of America," will have no connection with the "voice."

"The Russians are spreading slander abroad on American women," Mrs. Dunnell said, "showing them as alcoholics, Amazons who rule their men with an iron hand, refuse to have children and, if they do have them, neglect them."

## Tardy Letter

East Prairie, Mo. (AP)—A local railroad agent, A. L. Webb, was clearing out his office desk recently and he came across an unmailed letter. Upon investigation he found that his wife had given him the letter to mail 11 years ago. Rather than face the possible consequences, he mailed it.

## U. S. and Britain To Standardize Threading of Bolts

Washington, Sept. 30 (AP)—The United States and Britain are about agreed on how to make nuts and bolts.

A formal pact on standardized threadings, probably will be signed about the middle of October. It was learned today. This will mark an end to decades of talk and later, formal negotiations between the two great industrial nations.

Such an agreement will be of tremendous value to industry. Moreover, it is vital to any true standardization of arms by the two friendly powers. Proposals for a common system of calibers, ammunition and a variety of ordnance have been discussed intensively since the war.

But of equal importance to an agreement on the size of bolts for artillery or naval guns is the matter of making bolts and nuts

used in British guns the same as those in American equipment—and the reverse. If quick repairs are to be made in the field or in some foreign port, they will be speeded by standard equipment and tools to handle them. Manufacturers and scientists began talking of the need for a standardization of threads back in the early 1900's. Since the war, the effort has materialized into specific discussions by representatives of Britain and the United States. These now are near an end after a series of compromises on both sides.

Canada is reported to have had a part in the negotiations. This led to the impression that any standardization will apply to the British Commonwealth as well as to England itself.

## Information Training Possible to Recruits

Enlistments in the Regular Army for specialists training in the public information field have been authorized by the Department of the Army, and will begin in approximately two weeks in this area, First Army Headquarters, Governors Island, New York, announced today.

Sponsored by the Army's career planning agency with the cooperation of civilian public information agencies, the plan calls for a minimum of three-year enlistment of highly qualified men direct from civilian life, for training in all phases of journalistic,

radio and public information work.

Applicants must be between 18 and 25, with a high school education or better. They must be well recommended by high school principals, college deans, or English, journalism, or public speaking instructors as having potential ability for radio, newspaper or television work.

It is contemplated that 120 applicants will be selected for this initial program with approximately 20 coming from each of the six Army areas.

Purpose of the program, as outlined by Maj. Gen. Floyd L. Parks, former Chief of the Public Information Division, is "to improve the public information service of the Army, offer an enticing program to especially qualified

enlisted men, and put an important portion of the training of these soldiers in the hands of professionals."

Men accepted under the program will, after basic training, attend the Armed Forces Information School at Carlisle Barracks, Pennsylvania. At the school they will be given a 240-hour comprehensive orientation course in public information practices. Upon completion of this course they will be placed on temporary duty for a period of 90 days on-the-job training with a designated newspaper, radio station, or television station.

During the training with the civilian agency the trainees will receive their enlisted pay and full monetary allowances for off-post maintenance; they will wear civil-

ian clothing and will work as employees of the station or newspaper to which they are assigned.

Newspapers, radio and television stations, many in the First Army area, have already agreed to cooperate in the training of these specialists.

## Registration

Friday and Saturday are the first two days of registration for the presidential election on November 2. The polls will be open from 10 a. m. to 10 p. m. If you are not registered, you cannot vote. Do it tomorrow and be assured of your vote in this important general election.

### Philadelphia Orchestra Will Conduct Season

Philadelphia, Sept. 30 (AP)—Music lovers relaxed today with the knowledge that the Philadelphia Orchestra Association will conduct the regular concert season.

Harl McDonald, orchestra manager, announced last night an agreement between the musicians union and the association had been reached. The agreement increases the minimum pay scale for the orchestra members by \$5 a week to \$115, McDonald said.

The first program of the 1948-49 season opens in the Academy of Music tomorrow afternoon under the baton of Eugene Ormandy.

On Tuesday it had been announced that the concert season was being cancelled because of what orchestra officials said was a demand for a \$15 weekly increase in the minimum by Local 77, A.F.L.-American Federation of Musicians. Union officials said at that time they had received no counter proposal by the orchestra.

### 'Phantom Orders' Already Placed With Manufacture

New York, Sept. 30 (AP)—"Phantom orders" for war goods already have been placed with American manufacturers—to be filled only in case of armed conflict.

This foresight would save from six months to a year in getting production like the machine tool industry in action, Arthur M. Hill, chairman of the National Security Resources Board, said last night.

Addressing the Navy Industrial Association, Hill said recent Russian "duplicitous" should serve as a warning to the United States to prepare for defense.

Hill said the United States is handicapped in gearing for a mythical war because "we are never an aggressor with a known target date."

He said, however, that his board has not "marked time waiting for military requirements." Much has been done already toward planning for defense, he said, inviting industrialists to help the Resources Board prepare its groundwork.

The machine tool industry has been given a list of 100,000 new tools for which it would be called upon in wartime, Hill said, and next month 25,000 industrial plants will receive booklets outlining decentralization and defense plans.

"A major war effort," he said, "would necessitate—in contrast to 1940-1945—a substantial lowering of living standards for all of us."

### Powers Is Candidate

Providence, R. I., Sept. 30 (AP)—A 41-year-old blind probate judge has been chosen by Rhode Island Democrats as their candidate for attorney-general. William E. Powers won the nomination by a margin of better than 30 to 1 in yesterday's primary. But politics are

nothing new to Powers—a veteran of nine years in the state Legislature. And he brushes aside any sympathy on his blindness—an affliction since high school days when a wire he was attaching to a storage battery flew off while he was repairing a radio. Powers went on to Boston University Law School and graduated with honors.

**They All Once Were Newspaperboys**

This energetic Newspaperboy is Bill Douglas. His father is an associate justice of the U. S. Supreme Court, and is a retired newspaperboy, himself. All the famous men, pictured at the sides, once delivered newspapers. America's newspaperboys are getting a head start by their training as "businessmen" delivering papers.

GEN. OMAR BRADLEY  
ATT-GEN. TOM CLARK  
RALPH KINER  
JUSTICE WILLIAM DOUGLAS  
BING CROSBY  
GOV. EARL WARREN

America's half-million newspaperboys have one thing in common—they're all getting good training in business. Following in the footsteps of many famous Americans, like those caricatured above, the newspaperboys of today will be the leaders of tomorrow. Remember your newspaperboy on his day—Saturday, October 2, is National Newspaperboy Day.

**Pool of Two Million Men Is Available**  
Washington, Sept. 30 (AP)—A pool of more than 2,000,000 young men is now available for drafting into the manpower-shy army.  
That's the number of non-veteran, single men between 19 and 25 who signed up for the draft between August 30 and September 18. Selective Service headquarters said the registration of all men 18 through 25 totaled 8,584,963, but the big majority of those are ineligible.  
The total was about 1,000,000 less than original estimates. While Selective Service said it believes few draft-age men ducked registration, the Federal Bureau of Investigation said it is checking "quite a few" cases of possible draft-dodging.

New, Different, Oh, So Good!  
2 tablespoons 2 1/2 teaspoons  
shortening 1/2 cup sugar  
1 egg 1/2 cup melted butter  
1 cup Kellogg's All-Bran 3 tablespoons brown sugar  
3/4 cup milk 9 cooked prunes  
1 cup sifted flour 1/2 cup apricots or peaches, drained  
1. Blend shortening with sugar. Add egg; beat well.  
2. Stir in All-Bran and milk; let soak until most of moisture is taken up.  
3. Sift flour, salt, baking powder; add to first mixture; stir only until combined.  
4. In each greased muffin pan, put 1/2 teaspoon melted butter and 1 teaspoon brown sugar. Add 1 prune, apricot, or peach.  
5. Fill pans about 3/4 full; bake in mod. hot oven (400° F.) about 25 min. Yield: 9 muffins (2 1/4 inch size).

## County Christian Endeavor to Hold Annual Meetings

57th Session Is Planned  
Saturday in Woodstock;  
Rev. W. Schaeffer  
to Bring Message

The 57th annual fall convention of the Ulster County Christian Endeavor Union will be held Saturday at the Woodstock Reformed Church in Woodstock. Registration of the delegates will get the convention underway at 2:45 p. m., and the closing service is listed for 7:15 p. m.

The Rev. Walter Schaeffer, the newly-appointed field secretary of the New York State Christian Endeavor Union, will be the main speaker at the closing service. The local county union will be one of the first unions in the state to have the privilege of hearing the Rev. Mr. Schaeffer.

Other state officers who will participate in the program Saturday include Russell S. Gowdey, state vice-president; Richard Talbot, state trustee; and Nelson H. Lewis, editor of the Empire State Endeavorer.

The afternoon session will be highlighted by an address by the Rev. Alvin J. Neevel, Synodical supervisor of the Particular Synod of New York of the Reformed Church. His address will be given at 3:45 p. m. following the keynote message by Nelson H. Lewis.

Following is the complete convention program:

Registration, 2:45 p. m.; song service led by Richard Talbot, 3 p. m.; devotional service by the Woodstock Christian Endeavor Society, 3:15 p. m.; keynote message, Nelson H. Lewis, 3:30 p. m.; conference on "Serve Christ Now, Through a Revitalized Church," led by the Rev. Mr. Neevel at 3:45 p. m.

Business session, 4:30 p. m.; recreation, 5 p. m.; fellowship banquet, Russell Gowdey, toastmaster, 6 p. m.; raising of the budget, Nelson Lewis and the presentation of awards will be included during the banquet program.

The evening service at 7:15 will include a song service by Richard Talbot, devotional service, First Baptist C. E. Society; Silver Bay slides; gifts for Christian Endeavor; special music; installation of officers by Mr. Gowdey; evening message, the Rev. Mr. Schaeffer; and the benediction.

### MODENA

Modena, Sept. 29—World-Wide Communion Sunday will be observed in the Modena Methodist Church Oct. 3.

The Public Health Nursing committee will meet Tuesday evening, Oct. 5, at the home of Mrs. Egbert Harcourt, Ardona.

A surprise birthday party was given Mrs. William Decker at her home here Saturday evening. Gifts were received and refreshments served. Attending were Mr. and Mrs. Charles Hageman, Mr. and Mrs. Martin Decker, Mrs. Ida Van Rouverdall and daughter Jean, Mrs. Della Conklin, Mrs. Mary Merte of Poughkeepsie; Mr. and Mrs. Lanson Rinehart of New Paltz; Miss Harriet Wells of Ireland Corners; Mrs. Beatrice Wager, Donald, Leslie and Mr. Decker.

The Rev. and Mrs. Evyn Adams and daughter, Carol Margaret, are entertaining relatives from Tennessee at the Methodist parsonage this week.

Mrs. Lester Wager and daughter, Kathleen, visited Mrs. Elmore Smith and son, Robert, in Kingston recently.

Roselyn DeWitt participated in the last polka contest, sponsored by a popular magazine and conducted at the John Schoonmaker store in Newburgh recently.

Mrs. Edith Ackhart served at the September term of court held at the Kingston Court House.

Mr. and Mrs. Patrick Ring of Danbury, Conn., were weekend guests of Mr. William Adams and son, Pat.

Mrs. Oscar Smith has been ill at her home here.

Mrs. George Matheson was a recent visitor in New Jersey.

Mrs. Ella Greadhead, of Boston, Mass., and Mrs. Joseph McManus of Poughkeepsie were recent visitors of Mrs. Emory Conklin at Locust Lawn farm, north of Modena.

Local members of the Ulster and Orange County Foxhunters Association held a meeting in the Little Britain Grange Hall September 11. Plans were completed for the county field and bench show to be held at Pilgrims Round Pond Farm, October 7-9. Howard Hughes of Delhi will act as judge at the bench show.

The continued drought has been responsible for the hastening of the apple picking season which is nearly over in this section of the country. Water supplies of every nature is serious at this time.

The annual Home Bureau membership campaign is well underway with the appointed committee canvassing sections for renewals and new members.

Mr. and Mrs. Roy DuBois and daughter, Mary Lou, visited Mrs. Martha Brandon at Towners Sunday evening.

## Nubbins Enters School

Remember Forrest "Nubbins" Hoffman? Four years ago he celebrated an early Christmas, because doctors feared he wouldn't live to see December 25. Now 7, Nubbins has entered school in Cheyenne, Wyo., and is coming in contact with other children, like Patsy Seely, for the first time in his life.

## Convicts Return to Farm

Rahway, N. J., Sept. 30 (AP)—A frightened, hungry trio of escaped convicts went back today to the state prison farm from which they sawed their way to a short-lived freedom Sunday night. The three were taken by Paterson police yesterday as they huddled behind a park handstand. One of the prisoners faintly when police ordered them to "stand or we'll fire." He was Martin Klank, 24, of Trenton, described by police as suffering from a mixture of mal-

nutrition and alarm. The others were Alfred Snyder, 24, of Paterson and Franklin Morse, 25, of Dover. A fourth convict who took part in the prison break, Walter J. Murphy, 25, of Newark surrendered in Rahway Tuesday night.

**Rents Will Increase**  
New York, Sept. 30 (AP)—Rents are going up five per cent for about 48,000 permanent residents of New York city hotels. Maurice Finkelstein, chairman of the temporary city housing rent commission said hotels have until October 15 to apply for the increased rate, but that "applications have been rolling in every day." Many hotels already have the right to change rates October 1, he said.

**May Save Miners**  
Lives of miners entrapped underground may be saved by a radio communication system, using low-frequency waves. The human voice was successfully transmitted through ground strata alone, and also by way of trolley wires, pipes and other metallic installations.

Flanked by signs reading "Warren—Our Next Vice President," and "Democrats for Dewey and Warren," California Gov. Earl Warren, Republican vice-presidential nominee, is welcomed at New York's Pennsylvania Station on arrival from New England tour. Mrs. Warren and daughter, Virginia, (at right), hold bouquets of yellow chrysanthemums presented by the reception committee.

**Butter Replaces Milk In Ice Cream Industry**

New York, Sept. 30 (AP)—Ice cream manufacturers are using more and more butter instead of milk an industry spokesman said yesterday.

E. J. Roberts, an executive of the Association of Ice Cream Manufacturers of New York State, said use of milk in making ice cream "has been almost lost in recent years" in the New York area.

ing decrease in the amount of cream from New York milkshed farms."

Each year about 150,000,000 quarts of milk are used in the New York city ice cream industry. Roberts, approving the City Board of Health's recent action in permitting cream from outside the New York milkshed to be brought into the city, told the hearing: "This will tend to cause manufacturers to return to the use of cream instead of butter, thereby giving local producers the opportunity to win back this valuable outlet for their milk."

## Mrs. Frederic Holcomb, Re-Elected Head of Kingston Hospital Auxiliary at Meeting

Mrs. Frederic Holcomb was re-elected president of the Kingston Hospital Auxiliary at the first fall meeting Tuesday at the Nurses Home. Also elected were Mrs. Parker K. Brainerd, first vice president, Mrs. John D. Schomaker, Jr., second vice president, Mrs. Robert G. Graves, recording secretary, and Mrs. Boyd N. Williams, treasurer. Both of whom were re-elected; and Mrs. R. Frederic Chidsey, corresponding secretary. Annual reports were given.

The auxiliary has 244 members having gained 52 new members during the year. A resolution on the death of Mrs. Grant Johnston, one of the oldest and most loyal members, was read by Mrs. N. LeVan Haver.

During the summer vacation the auxiliary purchased two steam tables or carts with capacity for 60 hot dinners, also 15 bedside trays for the wards. The fourth floor sitting room has been redecorated and refurnished. The room will be completed within a short time.

A letter was read from the County Health Department regarding the chest X-ray program and asking for volunteers in the different wards to assist with the project. The following volunteered from the auxiliary: Mrs. N. LeVan Haver, Mrs. John B. Krom, Mrs. Edward S. Rembert and Mrs. Boyd N. Williams.

Mrs. Frank Finley reported for the nominating committee. Mrs. Haver presided during the election and afterward Mrs. Holcomb was welcomed back to the chair as president.

After the meeting was adjourned, tea was served. The table was decorated with autumn flowers and colors. Hostesses were Mrs. James A. Mathers, Mr. Robert F. Moseley, Jr., and Mrs. William G. Newkirk.

## John Schulte, New Paltz, Marries Barbara Wagner

Miss Barbara Wagner, daughter of Mr. and Mrs. Frederick Wagner, North Bergen, N. J., was wed to John Schulte, New Paltz, at St. Joseph's Catholic Church, New Paltz, on Saturday, September 25.

The bride was escorted by her father. Her gown of satin was fashioned with a fitted bodice, high neckline with a Peter Pan collar and long sleeves. Buttoned down the back, the flowing skirt ended in a long train. She carried a colonial bouquet of white roses with an orchid center.

Miss Elizabeth Wagner, a sister of the bride, attended as maid of honor. Her gown was of pale blue taffeta and net. Her colonial bouquet was pink roses.

The bridegroom was attended by his brother, Hank Schulte. Ushering were John Thoben and Carl Wagner, brother of the bride.

There was a reception at the Mountain View Lodge. The couple left for a wedding trip south.

## New Sorority Holds First Formal Meeting; Plans Formal Dance

The first formal meeting of Nu Phi Mu Sorority was held this week at the home of Mrs. Albert Roosa, director, 86 Harding avenue.

Plans for the formal dance to be held in conjunction with New York Gamma Chi, 2392, Beth Sigma Phi, at the Governor Clinton Hotel on Saturday, October 23, were discussed during the meeting. Nu Phi Mu is known as the "little sister" of Beta Sigma Phi.

Four new members were accepted into the organization. They were the Misses Sally Nicolai, Connie Winkelmanna, Hilda Stieckles and Eileen Schryver.

An informal gathering of the new sorority was held recently in the form of a frankfurter roast at the home of Miss Anita Wiedemann on Franklin street.

Nu Phi Mu was organized in Kingston August 21 by Miss Jenn Mortimer, representative of the national sorority in Kansas City, Mo. The group is for girls between the ages of 16 and 21. On the completion of 21 years of age, the member automatically becomes a member of its sister group, Beta Sigma Phi.

The next meeting of Nu Phi Mu will be held Monday, October 11, at the home of Miss Artemis Goumas, 22 Hoffman street.

## Harry Bruck Marries Lucille E. Desco In Catskill Church

Miss Lucille E. Desco, daughter of Mr. and Mrs. Nicholas Desco, 234 Water street, Catskill, became the bride of Harry Bruce Bruck, son of Mr. and Mrs. Harry J. Bruck, 90 Murray street, this city, September 26, at 2 p. m. in St. Patrick's Roman Catholic Church, Catskill. The Rev. Father Delaney performed the double ring ceremony. The Rev. Joseph C. Connor of Our Lady of Lourdes parish, New York city, assisted.

Mrs. Philip Reilly was soloist. She sang Panis Angelicus and Gounod's Ave Maria. The church was decorated with gladioli and chrysanthemums.

Mr. Desco escorted his daughter. She wore a Princess Elizabeth gown of pearl white satin, hoop skirt and train. The fitted bodice was trimmed with seed pearls and designed with illusion yoke neckline and long pointed sleeves. Her fingertip veil was edged with lace and caught to a crown of seed pearls. She carried a shower bouquet of white roses in the center of which was a purple tipped white orchid.

Mrs. Kenneth Donnelly was matron of honor for her sister. She wore a Nile green taffeta gown with matching headpiece and carried Japanese lilies.

Kenneth Donnelly, brother-in-law of the bride, was best man. Ushers were Stephen and William Desco, brothers of the bride.

Following the reception for 80 guests at Tommie's Restaurant, Kingston, the couple left for a wedding trip to Niagara Falls and Chicago. The bride wore a black gabardine suit with black and white accessories and orchid corsage. They will live at 85 Broadway.

Mrs. Bruck attended St. Patrick's Academy and Catskill High School and was employed at the Atlantic Knitting Mill in Catskill.

Mr. Bruck attended St. Mary's Parochial School and Kingston High School. He served three years in the navy and is employed by the New York Central Railroad.

## Valley Dental Assistants, Hygienists, Meet Here for Dinner, Talk on Hints to Assistants

Rev. and Mrs. Guier  
Leave for Maplecrest

The Rev. and Mrs. Lester Guier, who have made their home in Kingston for the past three years, left Tuesday for their pastorate at Maplecrest. The Rev. Mr. Guier was a former pastor of the Free Methodist Church in this city and district superintendent of the New York Conference in the Windsor District.

Mrs. Guier had the honor to be the president of the Women's Missionary Society of the entire New York Conference of the Free Methodist Churches.

Tobacco was the first export crop from America.

Sixty members and guests of the Hudson Valley Dental Assistants and Hygienists Society, together with the Ulster-Greene and Dutchess-Putnam Dental Societies held a dinner and program Tuesday at the Hotel Kirkland.

Miss Dorothy Crupper, of Poughkeepsie, president of the group, presided. Brief remarks were made by Dr. Joseph P. Falvey, president of the Ulster-Greene Society and Dr. Charles Kovacs, of Poughkeepsie, Dutchess-Putnam president. Miss Crupper also requested a few words from Dr. A. L. Hill, dean of dentists in this section.

Ray Brown, of the Williams Gold Refining Company, of Buffalo, was principal speaker of the evening, his theme being "Hints to Dental Assistants."

Miss Elsie J. Yetzer, of Poughkeepsie, was program chairman, and the table decorations and dinner arrangements were made by Mrs. Hazel B. Hinkley and Dr. Harry R. Meinhardt, of Kingston.

## New Togs Adjust to Child's Size

New togs for the kindergarten set boast snappy styling and add-a-year hems, sleeves and leggings. Two-toned tweed coat, left, is assembled with matching leggings and a sailor hat which has a velveteen-faced brim to match coat collar. Perky capulettes dress up the wool suede coat, center, which is teamed with matching leggings and a tall-crowned hat. Wool covert ensemble, right, sports a detachable hood lined with velveteen. Coat is double-breasted with neatly stitched collar.

New York (NEA)—Add-a-year hems, sleeves and leggings which keep little beanstalks from growing out of their coats should win palm-smacking applause from mothers.

All that Mom has to do to make this fall's coat a size larger next fall—the feature of one line's smartly styled coats for children—is to pull out threads. These re-lease length tucked up in the hem, lining and sleeves of coats. The same trick works with accessories, leggings, which are used to turn coats into ensembles that wrap up the apple of Mom's eye from chin to toes.

By EPIE KINARD  
NEA Fashion Editor

There are detachable hoods on many of these Hambury-designed coats which do a more cocoon-like job of wrapping up a tot. One wool covert style which little fashion plates, sizes 7 to 14, go for sports double-breasted buttons, a small club collar, matching leggings and a hood faced with contrasting velveteen.

Other snappy styles bring along matching hats to prove that add-a-year coats have more to offer than letting out possibilities. One little two-toned tweed number,

complete with leggings, is ensembled with a saucy sailor. This skimmer has a tweed crown to match the coat, a velveteen brim to match the coat's collar. This matchmaker is designed for the back-to-kindergarten gang, sized three to six.

A coat fashion for the younger one-to-four size group which brings along its own millinery is made of wool suede. Styling features of the ensemble include a coat with double epaulettes, shoulders and whopping steel buttons, matching leggings and a honey of a hat with a crown as towering as a Pilgrim Father's.

### NO REPLY UNLESS ASKED?

The charm of old-fashioned courtesy is suggested in this letter: "In our small town it has been customary to give wedding invitations verbally and, therefore, receive immediate answers. Now, however, there seems to be an epidemic of weddings to which engraved invitations are being sent. Some of these bear R.s.v.p. or them, but others do not, and in these cases, the guests are not sending notices of their intentions. They say no answer is asked for, and therefore, none is needed. We would like to know if 'no answer unless requested' is the rule."

### Passing on the Stairs

Dear Mrs. Post: This office building was a private house and there is no elevator, so we walk the three inter-office floors. One of the older women employees said it was impolite to pass on the stairs and that one should wait for the other. Would the same answer you give apply also to private houses?

Answer: In a business office, it would be wasteful of time to ban passing another who is mounting very slowly. In a private house, one should allow the first one to remain ahead.

### Golden Wedding Gift

Dear Mrs. Post: We are going to the celebration of a golden wedding anniversary and would like to know what would be a suitable present to take. Actual items of gold would be too expensive for us to afford. Also should we take the present with us or should we send it ahead of time?

Answer: Presents should be sent ahead of time. Any ornament with gilt on it or for that matter anything yellow—either an ornament or flower—would be appropriate.

Mrs. Post's booklet, No. 503, "The Etiquette of Service," describes the three classifications of table service—first, the formal or European service; second, American service; third, hostess-alone service. To obtain a copy send 10 cents (coin preferred) and a 3-cent stamp to her, c/o The Kingston Daily Freeman, P. O. Box 99, Station G, New York 19, N. Y. ## Hurley Church Will Not Hold Dinner; To Canvass People

At a recent meeting of Ladies' Aid of Hurley Reformed Church it was decided not to hold the annual turkey dinner this fall but instead to canvass the congregation.

A committee of the ladies will call on the entire congregation at their homes October 6. The generous support of everyone is most earnestly asked by the group.

## Meeting Is Called

An important meeting of all paid firemen of the city has been called for 8 o'clock tonight at the Central fire station for the purpose of making plans for the firemen's referendum campaign. It was announced today by Fireman Albert Hutton. The referendum, which will be placed before the voters on November 2, will, if approved, grant the firemen salary increases equal to those received by members of the police department by a similar referendum last year.

# SELLOUT TO SEE CANADIANS BOX HERE OCTOBER 7

## 'Spider' Thompson to Meet Ottawa Ace in Five-Rounder

Orders for ringside seats indicate that there will be a capacity house at the municipal auditorium when B'nai B'rith resumes amateur boxing Thursday night, October 7.

Ever since the announcement by Dr. Saul Goldfarb, the organization's boxing chairman, that the Canadian team would appear here, fans have been making reservations for the fight presentation.

Murray Greene, ticket chairman, told a sports reporter that he has been swamped with orders for ringsides. "Our opening show should be a sell-out," he remarked.

Canadian Team Due  
Next week's card will be the first since the opening when B'nai B'rith resumed the ring sport and baseball took the limelight.

In several appearances here last year, the Canadian boxing team pleased capacity houses, and enjoyed among the ring faithful success for October 7.

Thompson Stated  
As announced previously, the four featured fighters will be: "Spider" Thompson, Buffalo, N.Y., heavyweight, the best in upper New York state vs. Harvey Little, Ottawa, Canada, who represented his country in the Olympics at London.

Ed Slater, Buffalo, bantamweight, vs. Jose Sandoval, Canada's youngest champion in the Olympics, and champion of his division in the Dominion.

Tommy Devine, 145, Buffalo, who went to the finals in the national A.A.U. tournament at Boston, vs. Jim Hardy, 147, Canada, Middle.

Three-Match Prelims  
Ken Markey, 140, Ottawa, Canada, vs. Ed Garrison, Canada; Frank Jones, 139, Albany vs. Bob Carroll, 142, Canada; Lou Seaman, 118, Ottawa vs. Ralph Rogers, 118, Canada.

The permanent bleachers recently installed at the auditorium afford a new seating arrangement for boxing, and means that a different lay-out for ringsides will eliminate seats behind ring posts.

Subscriptions are being taken for season ringsides and many fans who desire the same chairs for all shows are placing orders now with Dr. Murray Greene.

Competition in Training  
New York's "B" Hirsch Jacobs, who was the trainers in yesterday's winners 11 of the past 15 years is missing from among the first 15 leading trainers this year. He predicted as much last January when he said the competition was getting tougher.

## Heath Breaks Foot And Loses Chance For First Series

Brooklyn, Sept. 30 (AP)—Jeff Heath's dreams of playing in his first World Series after 13 years in the big leagues lay shattered today in a plaster cast surrounding his left foot.

The Boston Braves' outfielder broke the foot yesterday trying to slide away from a tag at home plate in a game with Brooklyn. The game didn't mean a thing; Boston already had won the National League pennant.

The injury means a lot. It is so severe that Heath, now 32, may never play again. It robbed the Braves of their most powerful left-handed batter and cut them to only three outfielders.

Heath wasn't a defensive star, but he is familiar with American League parks, especially the Cleveland Stadium. He started his major league career with the Indians and is an old roommate of Bobby Feller.

"Oh, why did I slide?" he murmured after being carried to the clubhouse.

"Because you're a hustling ball player," came the answer from pitcher Johnny Beazley.

Manager Billy Southworth, who is his own third base coach, missed his first game of the season yesterday. He heard the bad news on the radio. Last night he said he had made no decision on a possible series replacement for Heath. To add a player now he would need special permission from Commissioner A. B. Chandler.

## Major League Roundup

By The Associated Press

(By The Associated Press)  
Victory is a must today for the Boston Red Sox and the New York Yankees. They have to win in order to keep alive their slim mathematical chances of overhauling the front-running Cleveland Indians in the American League pennant race.

The Indians, two games ahead of the Red Sox and Yanks, are idle today. New York and Boston defeats would assure the Tribe of no worse than a tie for the crown. Should both the Yanks and Red Sox bow the Indians can clinch their first flag since 1920 by beating the Detroit Tigers Friday. All three of the contenders have three games to play.

Boston clashes with the seventh place Washington Senators in Fenway Park while the Yanks tackle the tough Athletics in Philadelphia.

Southpaw Mel Parnell (14-8) has been selected to face Washington's Early Wynn (8-18) for Boston. Parnell has been very effective against Washington, beating the Nats four times against only one loss.

Lefty Ed Lopat (16-11) has drawn the starting assignment for the Yanks against the A's. Lou Brisse (14-16), brilliant rookie southpaw, will go for Connie Mack.

The Indians maintained their commanding two game bulge by defeating the Chicago White Sox, 5-2 yesterday. The Yanks downed the Athletics, 4-2 and the Red Sox turned back Washington, 5-1.

Going into today's games the picture is this:  
Clubs W L Pct. GB TP  
Cleveland .95 56 .629 .... 3  
New York .93 58 .616 2 3  
Boston .93 58 .616 2 3

While the battle to determine the American League's World Series entry, the National League's representative in the classic, the Boston Braves, suffered a severe jolt.

The Braves lost the services of Jeff Heath, their slugging outfielder, for the rest of the year. Heath broke his left foot sliding home in the sixth inning at, tempting to score from second base in a game against the Brooklyn Dodgers. Heath was batting at a .319 pace and had belted 20 homers. The Braves won the game, 4-3, when Sibby Sisti singled in Phil Masi from second in the ninth. Johnny Sain went the distance to record his 23rd victory.

The booming bats of Joe Gordon and Ken Keltner brought Cleveland its 18th victory in its last 21 games.

Gordon smacked 32nd with his 32nd homer and a double and Keltner punched in the other two with his 30th circuit blow and a two-bagger.

Bob Feller, with good support, went the route for Cleveland to post his 19th victory and seventh straight. He allowed ten hits, walked three and fanned three.

The White Sox jumped on Feller for two runs in the second inning but in the sixth the Indians took over. With one out Lou Boudreau walked. Gordon and Keltner followed with homers and the Indians were in front to stay. Gordon and Keltner went to work again in the seventh, riding successive doubles behind a walk to Dale Mitchell to bring in Cleveland's final runs.

Loading 4-2 the Yanks almost blew the game in the bottom half of the ninth inning. DiMaggio dropped a pinch-hitter Carl Scheib's fly ball to start the ninth. Rookie Bob Porterfield disposed of Eddie Joost but Barney McCosky followed with a double and Joe Page relieved Porterfield. Page walked Ferris Fain to load the bases and Allie Reynolds took over. Reynolds got the A's clean-up hitter, Hank Majeski, to ground into a game ending doubleplay.

Boston also had trouble knocking off the Senators. Right-handed Ellis Kinder allowed the Senators 11 hits in staggering to his 10th victory.

Tied at 1-1 going into the third, the Red Sox tallied three times with the aid of two errors and four hits to forge ahead for keeps.

## In the ROUGH

—By—  
CHARLES J. TIANO  
Sports Editor

Bagatelles:  
Now that the Yankees have been embalmed for the season, we'd like to exercise our prerogative and make with a few alibis. . . . The Yankees would have been a shoo-in but for several thousand IFs, chiefly: If Frankie Shen and Joe "Broadway" Page had delivered in 1947 fashion; If Joe DiMaggio hadn't been hobbled by injuries; If Allie Reynolds and Bob Porterfield hadn't folded after impressive starts; If George McQuinn could have re-discovered the Fountain of Youth; If Keller's back had stood up under pressure.

We could even go back further than that: If the Yanks hadn't traded Gene Bearden and Joe Gordon to the Indians; If they had grabbed Dutch Leonard when he was available. This could go on forever, but as a Yankee fanatic since the days of Babe Ruth, we can sum it up neatly by saying the Yankees of 1948 just didn't have it, when they needed it.

Flotsam and Jetsam:  
Now let's analyze the Boston Red Sox: If Tex Hughson and "Boo" Ferris and Mickey Harris hadn't collapsed; If Bobby Doerr had been sound all season, if Williams could have hit .450 (he should, if the pitching is as cheap as they make it out); If they hadn't blown those games to the Tigers and Senators. . . . The Cleveland Case is a personal triumph for Lou Boudreau, the man who brought new glamor to adhesive tape. . . . Boudreau, one of the all-time shortstop greats of baseball, is the only manager ever saved by popular acclaim.

Veck was ready to peddle him to the Browns last winter, until his volume of mail convinced him it would be a grave mistake.

Charlie horses and dry rot is setting in on the Yankees and Cardinals and the Card hurlers weren't the balls of fire everyone expected. . . . Brooklyn would have won the pennant had Leo Durocher stayed and had Branch Rickey kept his shirt on. . . . Durocher did as well as could be expected with the Giants. . . . The Lip and Joe McCarthy are still the two best managers in baseball in our book. . . . In 1947 the Giants had terrific hitting and no pitching. . . . The chuckers were adequate this season but the hitting fozzled.

We pick the Indians to knock out the Braves in the World Series.

NOVELTY: One of Babe Ruth's laugh-getters concerns the time that a certain minor league ruffian, who liked to brag about being a self-made man, backed the late Jake Ruppert, Yank owner, into a corner and began sounding off.

Time dragged and the guy started when he was a player and traced his career up from the ranks into the office, through various jobs and finally to ownership of a successful franchise. . . . and on top of that, he blathered, "I've got \$250,000 in the bank."

Little Ruppert gave him a blind stare and said: "I'll match you for it."

Of Men and Mice:  
Father Herdegen's play in the Twaalfskill club championships was one of the highlights of the 1948 golf season. . . . No wonder the altar boys at St. Peter's wear his autograph. . . . The John Van Gossie Lou Smith finals should be a rugged affair. . . . Don't sell Smitty short. . . . Wiltwyck's No. 3 hole long has been regarded as one of the toughest par-4 holes in the region. . . . Some even call it an unfair hole. . . . It's a toughie. . . . In 32 individual shots at it, the pros in the Pro-Am last Sunday collected only 7 pars. . . . Three men, Joe Sondey, Fred Lux and Mike Gardie birdied it. . . . 102 amateur rounds produced only 9 pars and birdies by Lew Boice, John Van Gossie and Earl Jandreau. . . . Billy Van Aken's 18-hole card showed 14 fours, three 3s and a six. . . . After getting a birdie on No. 1 the second time around; Billy reeled off eight consecutive fours.

Have you, too, heard the rumor about professional basketball returning to the city.

Is it true that the lieutenant commander and the boat builder quit cold on the old and new judge, after nine holes last Saturday at Wiltwyck? . . . ?

The San Francisco '49ers of the All-America football conference of the San Francisco '49ers were forced to punt only three punted 82 yards early in the All-times in their first two games. America pro conference season.

District Attorney Louis G. Bruhn was elected president of the board of directors of the Wiltwyck Golf Club, Inc., during the annual meeting Wednesday night at the club house on Hurley avenue. The new president succeeds Alfred Schmid.

Other officers named during the meeting of the directors included Arthur A. Davis, Sr., vice-president; Stanley Winne, secretary; and Dwight McIntire, Sr., treasurer.

Also at last night's session, five new directors were elected during the meeting of the stockholders of the corporation. They are Henry J. Weber, J. Watson Bailey, Alfred R. Ronder, Maurice Davenport and Dwight McIntire. They will serve for a three-year term.

Tommy Danaher, popular pro at the Hurley avenue links, was elected a unanimous call to return next season and he accepted. He and his working force at the links were commended for the fine way the course had been taken care of during the season.

A letter from Charles Tiano, sports editor of The Freeman, was read and it was voted to carry out his suggestions regarding the city championship, since it was felt more interest would be created for the golfers of the city. He also suggested a trophy be awarded to the winner of the city title and that a dinner be held at which all interested golfers would meet in a social evening.

Reports of various officers and committee chairmen given last night indicated that the club had enjoyed the most successful year of its organization.

## Razorbacks' Edge

Clyde Smackover Scott can do just about anything. Last year the University of Arkansas All-America kicked only twice but averaged 47.5 yards per try. A speedy triple-threat, Scott showed the world he can also scamper on the cinders. This summer he placed second in the 110-meter hurdles in the London Olympic Games, holds the school javelin record. Scott makes the Razorbacks exceptionally dangerous this fall.

## New Paltz Resumes Athletics; Loren D. Campbell Is Coach

Varsity basketball will be revived at New Paltz State Teachers College this season for the first time since the winter of 1942-43, it was announced this week by President William J. Haggerty.

Loren D. Campbell, the Hudson valley's leading football official, has been appointed varsity coach. The season will open about December 4 and run until March 4. The first practice session is set for November 8.

New Paltz was represented in collegiate athletics in football, basketball and baseball from 1932 until 1936. At that time football was dropped but teams in the other two sports continued until mid-winter 1942-43, when most of the male students were called to active duty in the armed forces, depleting the athletic man power of the college.

## Federation Churches Will Play Darts

Several member churches of the Federation of Protestant Men's Clubs of Kingston already have entered the proposed dartball league for the 1948-49 season. All churches of the Federation are invited.

Those already entered include the First Baptist, Reformed Church of the Comforter, Glenford, and First Dutch.

Officers of all other Men's Clubs interested in joining the league are requested to notify either Donald Weeks, 23 Liberty street, or Irwin Thomas, 148 Fair street.

Plans are to start the league early in November.

## Softball Averages

This is the first of a series of pitching and batting averages for various clubs in the City Softball League and have been compiled by Jake Chichelsky, secretary.

Today's averages deal with the top batting averages and complete pitching statistics.

## Dobbs Leads Dons To 20-10 Victory Over Grid Yanks

Los Angeles, Sept. 30 (AP)—The Los Angeles Dons-New York Yankee football game brought more than was promised, including a spectacular three-touchdown victory splurge in the final five minutes of the battle for the Dons, and near miss heart trouble for 35,655 onlookers.

Brutalizing play, impromptu fisticuffs that sent two players to the showers and, more important, a whirlwind performance by the Tulsa tornado, Genn Dobbs, marked last night's All-America Conference Donnybrook.

The score: Los Angeles 20, New York 10.

It was the first Don triumph in five encounters with the Gothamites and spoiled Red Strader's debut as Yankee head coach.

The first half was scoreless but exciting. Included was the ejection of Los Angeles halfback Herman Wedemeyer, who had been the goat in three inopportune fumbles, for throwing a punch at fullback Bob Kennedy. Yank tackle Marion Shirley got the shower signal for punching Dobbs.

But that and the Yankees' 10 point lead were obliterated when Mr. Dobbs went to work in the final five minutes.

Starting from his own one yard line, where he had been tossed on one pass effort, he moved the Dons 99 yards in eight aerial strikes. The last one for 31 yards to end Joe Aguirre.

Still behind three points Dobbs

again sent the Dons 71 yards, catching Len Ford from the one yard for the touchdown after hitting him just previously for 30.

Just for insurance, in the final seconds the good looking 210-pounder faked a pass and streaked 33 yards for the clincher.

Chicago, Sept. 30 (AP)—Kid Dinamita, 22, Santa Domingo welterweight boxer, died in the Cook County Hospital today, about five hours after he suffered a technical knockout in a bout at the Chicago Stadium last night.

Dr. Roger Vaughan, night superintendent at the hospital, said Dinamita died of "an apparent cerebral hemorrhage." He did not fully regain consciousness after

his arrival at the hospital, Dr. Vaughan said. He was unable to answer the bell for the ninth round in his 10-round bout with Bobby McQuillar of Port Huron, Mich.

Dinamita, whose true name was Felix Gomez, was engaging in his 81st bout last night on his 22nd birthday. McQuillar floored Dinamita with a right to the chin in the eighth round but the bell saved him from a knockout. He was unable to get off his stool for the ninth round and was removed from the ring in a stretcher.

Dinamita weighed 144 pounds to 139 for McQuillar.

Alcie Green, wife of John Green, end for the Detroit Lions of the National Football League, is a practicing corporation attorney in Detroit.

## Warren Says Jersey Will Go Republican

New York, Sept. 30 (AP)—Gov. Earl Warren says New Jersey—which four times gave majorities to Franklin D. Roosevelt—will go Republican this year.

Before a cheering, near capacity audience in Newark, N. J., last night, the G.O.P. vice-presidential nominee said he now is confident the Dewey-Warren ticket will carry the state.

From New York Warren came back to New York city for a round of G.O.P. gatherings and a speech tonight.

Warren told his Newark audience of almost 4,000 that after "looking over the score of state he is sure Gov. Thomas E. Dewey will 'carry the nation'."

The United States, the Californian declared, "cannot afford to continue a shattered, complaining administration at the helm."

He said a unified leadership is required if America is to show it is not "a nation of boom and bust."

"No real progress can possibly be made as long as we have a national administration that is not only divided but bitter—an administration so tired that it is losing itself in abuse."

Warren, speaking in the heart of a heavily industrialized area, said "we must show that we can develop a sound, cooperative relationship between workers and management. If our laws affecting the collective bargaining process are, after experience, found to be unnecessary or oppressive, then they can and should be changed." He made no direct reference to the Taft-Hartley Act.

"We must make sure," Warren added, "that this great dynamic economy of ours, which has been built through the energy of a free people, does not grow in such a way that it grinds down the human beings who are a part of it—both as workers and consumers."

Approximately 600,000 matches are consumed every minute of the day in the United States.

## Brown Publishes Book for Artists

## Kingston Man Is Author of Book On Horse Anatomy

An outstanding reference book reached a publishing house recently through the singular and sedulous skill of a Kingston artist.

The book is, "Horse Anatomy," a handbook for artists comprising the study of the proportion, structure and action of the horse, as compared to man, and its author is Lewis Stacy Brown, of 111 South Manor avenue.

The artist spent a year on the drawings, but the compilation of material actually represents collecting and research at intervals over a period of 15 years. The first edition was produced recently by Bridgman Publishers, Inc., of Pelham, N. Y.

Three expertly and interestingly arranged sections of the book are on: "Proportion of Breeds," "Animal Motion," and "Structure," and although other books have been published for artists on horse anatomy, this is the first showing comparisons with the human figure.

All of the material presented is primarily for artists and commercial illustrators but its general content is bound to interest all horse-minded individuals.

**Drawn to Scale**  
The author devoted much time and attention to detail for accuracy in measurements and authentic illustration and all figures are drawn to scale. As interesting as its more technical contents is the artist's front-cover illustration, reproduced from an oil painting.

A native of Chazy, Brown has been a resident of Kingston for six years. He is a member of the Kingston Model Railroad Club where another talent is appreciated. He makes figures in bees wax and plaster for the miniature railroad system and animals for the T. & E. Model Circus.

This other talent is used in the production of model trotters and pacers which go to a sporting gallery and book shop in New York and he has been working recently on the production of habitat groups for various scenic and miniature displays.

The artist said his knowledge of anatomy in general and that of animals, especially, is outstandingly helpful in his work on the tiny models.

If there is anyone in town, who knows a horse, it is Brown, and he said that for a time after finishing the book, he felt as though he couldn't look one in the face.

**Julia Stimson, 67, Dies in Hospital**

Poughkeepsie, N. Y., Sept. 30 (AP)—Julia Catherine Stimson, 67, superintendent of the army nurse corps after World War One and first cousin of former Secretary of War Henry L. Stimson, died today at St. Francis Hospital.

Miss Stimson lived at Briarcliff Manor, N. Y., and maintained a summer home at Rockland, Me. She served as president of the American Nurses Association, 1938-44.

Born in Worcester, Mass., she was graduated as a nurse from New York Hospital. She was administrator of Hospital Social Service, Washington University in 1911-12, and director of the School of Nursing, St. Louis from 1913 to 1917.

Miss Stimson was director of nursing service in the A.E.F. in France in World War I and later became superintendent of the army nurse corps. She retired in 1937 and was recalled to active duty in 1943-44.

Surviving are three sisters, Mrs. Elbert A. Harvey, Duxbury, Mass.; Dr. Barbara B. Stimson, Poughkeepsie, and Prof. Dorothy Stimson, of Goucher College, Baltimore; and one brother, Philip M. Stimson of New York city.

struct and thwart" the committee's investigations.

Thomas' letter said the President accused the committee of making confidential information available to foreign countries, and had injured the reputations of innocent men.

"What information are you referring to?" the letter asked. "Please name it. Who are the innocent men? Please name them."

The letter said evidence of Communist espionage in this country was given to the President "more than three years ago." But, it asked:

"Where and when has your attorney general prosecuted in public courts a single agent of the Russian espionage ring? The evidence has been gathered diligently by the F.B.I. for many years. Why has it been allowed to gather dust in their files?"

Thomas released his letter almost simultaneously with a Justice Department statement saying "it is to be regretted that the House Committee on Un-American Activities continues its political activity in the field of espionage."

The department referred to a committee report Monday on a months-long probe of alleged wartime Soviet espionage aimed at getting atomic secrets. The report urged four spy prosecutions, and said perjury charges might be justified against several committee witnesses.

The department's statement said this report "creates a most dangerous precedent" because it tries to tell the department "what cases it will or will not prosecute."

The department said it does not have court-worthy evidence in the cases outlined by the committee and "if the department had such evidence prosecutions would have been instituted long ago, as the committee well knows."

"Hearsay testimony and committee conclusions cannot be substituted for legal proof," the department said.

Thomas had left for home, so McDowell replied with this:

"The statement of the Department of Justice must be reassuring to the Communist conspirators in the United States and the many Soviet espionage agents who are operating here, because what it amounts to is an assurance of immunity from prosecution."

McDowell's followup accusation about the 12 indicted Communists did not refer directly to the department statement.

But he told reporters the department "apparently has been prodded" by Congress, and particularly the Un-American Activities Committee, until it prepared the 12 cases "just as so much window-dressing."

## Truman Demands Voters Stop G.O.P., 'Big Business'

Carbondale, Ill., Sept. 30 (AP)—President Truman asked Illinois workers today for Democratic votes to stop "big business Republicans" from continuing to "nail the American consumer to the wall with spikes of greed."

He offered them a choice between "another era of fear under the Republican reactionaries" and "another era of hope with liberal democracy."

Mr. Truman prepared his remarks for delivery in the Southern Illinois University McClelland Stadium.

The President assailed the Republican-controlled 80th Congress as "the puppet" of big business, and the real estate power and grain speculators' lobbies and rapped its passage of the "reactionary Taft-Hartley Act" over his veto.

"Instead of improving the Wagner Act as I recommended," Mr. Truman declared, "they cut and hacked away at the workers' newly-won rights. The Taft-Hartley Act is the way backward, not the way forward. That's the Republican way."

"The big business Republicans have set an economic trap for the American consumer. They have baited the trap with glib assurances that everything will be all right if you just let nature take care of everything. And when they say nature, 'they mean themselves'."

The President said the Democrats have raised the income of the farmer to ten times what it was in 1932, saved millions of home and farm owners from eviction, rescued the banking system, established deposit insurance and "brought truth to the sale of securities."

On the other hand, he said, the 80th Congress passed a "rich man's tax bill," the Taft-Hartley Act, and became "the puppet of big business, the puppet of special lobbies—the real estate lobby, the power lobby, the grain speculators' lobby, and others."

They are interested in one thing—the profits of big business, he said, and added:

"Today's big business is rubbing its hands in the hope of having another boom and bust spree under a Republican administration. They are in the same greedy state of mind that brought about

## Deputy Winne Sees Fire Just in Time

A fire started at about dusk Wednesday by four Kingston boys near the home of Deputy Sheriff Ray Winne on the Plank Road, endangered the woodlands of the area, the deputy sheriff said today.

Winne said that he and his son, Ray, Jr., noticed the fire along the tracks of the Catskill Mountain Branch of the N. Y. Central Railroad about 300 feet to the rear of the Winne residence.

The fire was in dry grass and leaves piled by the boys. It had not begun to spread, Winne said, but it might have caught to the sun-parched woodlands in the region, had the boys gone and left it burning.

The deputy sheriff reprimanded the boys and sent them on their way home, he said.

## Stern Gang Leader, Yellin, Is Arrested

Tel Aviv, Israel, Sept. 30 (AP)—Reliable informant said today Israeli police have arrested Nathan Friedman-Yellin, head of the Stern Gang.

A terrorist arm of the Stern Gang, a Jewish underground extremist organization, has boasted that it was responsible for the assassination of Count Folke Bernadotte, the U.N.'s Palestine mediator, in Jerusalem September 17.

The informants said Yellin was arrested in Haifa last night, together with one of his right hand men. In the room where they found Friedman-Yellin, and in a search of Friedman-Yellin's apartment in Tel Aviv, police were said to have found "documents throwing new light" on Sternist activities.
